

SESSION OF 2017

**SUPPLEMENTAL NOTE ON HOUSE BILL NO. 2042**

As Recommended by House Committee on  
Federal and State Affairs

**Brief\***

HB 2042 would require the State of Kansas to recognize all valid concealed carry licenses and permits issued by other states to non-Kansas residents.

The bill would specify that such recognition of licenses would entitle the license holder to carry only concealed handguns, and license holders would be required to act in accordance with Kansas laws while in the state.

The bill would state the recognition of out-of-state concealed carry licenses would not be construed as a prohibition on the permit-less, concealed, or open carrying of loaded or unloaded firearms in the state.

Further, the bill would extend the prohibition on disclosing certain records relating to concealed carry permits under the Kansas Open Records Act (KORA) to the Office of the Attorney General, the Department of Revenue, any sheriff's office or other law enforcement agency, and all employees, contractors, and agents thereof; and any other agency, office, department, or other governmental entity, and all employees, contractors, and agents thereof, with access to such records. Under current law, the disclosure of records relating to persons issued licenses, persons applying for licenses, or persons denied licenses cannot be disclosed as part of KORA.
