Background

SB 23 – Securities Commissioner Structure and Criminal Prosecutions for Fraud and Abuse

The bill was introduced by the Senate Committee on Financial Institutions and Insurance at the request of the OAG, on behalf of the OAG, KID, and KSC. In the Senate Committee hearing, the Attorney General, Insurance Commissioner, Securities Commissioner, and a representative of Advisors Excel testified in favor of the bill. The proponents generally stated the bill would be a major step forward in the State's ability to prosecute financial

crimes. The proponents also stated the bill would create savings to the State General Fund (SGF) by coordinating the administrative, regulatory, and investigatory functions of KSC with KID. Written-only proponent testimony was provided by the Office of the State Bank Commissioner and the Kansas Department of Labor.

A former Securities Commissioner and former general counsel for KSC provided opponent testimony. The opponents generally stated the bill would result in little to no cost savings to the State and would consolidate two disparate state agencies that enforce very different laws. Written-only opponent testimony was provided by an attorney in private practice.

In the House Committee on Judiciary hearing, the Attorney General and the Securities Commissioner testified in support of the bill. A deputy Insurance Commissioner testified in support of the bill and also provided written-only testimony supporting the bill by the Insurance Commissioner and representatives of Advisors Excel, Kansas Association of Insurance Agents, National Association of Insurance and Financial Advisors of Kansas, and Security Benefit.

A former Securities Commissioner and a financial services professional provided opponent testimony

The House Committee amended the bill to require Senate confirmation of any person reappointed as Securities Commissioner or when a vacancy occurs before the expiration of a term of office. The House Committee also amended the bill by adding the contents of SB 120, updating references to section 18(b)(4)(E) of the Federal Securities Act of 1933 to section 18(b)(4)(F). Further background information regarding SB 120 is provided below.

According to the fiscal note prepared by the Division of the Budget, SB 23, as introduced, would create savings totaling \$650,000 in KID and KSC in FY 2018. Of the total amount, \$350,000 would be from KID and \$300,000 would be

from KSC. As required by the bill, \$400,000 would be transferred to the OAG for criminal fraud prosecutions, including \$200,000 each from KID and KSC. The remaining total savings of \$250,000 is recommended in the Governor's budget to be transferred to the SGF, \$125,000 each from KID and KSC.

For FY 2019, it is estimated the bill could create total savings of \$900,000 in KID and KSC. Of the total savings, \$500,000 would be from KID and \$400,000 would be from KSC. The OAG would continue to receive \$400,000 (\$200,000 from KID and \$200,000 from KSC). The remaining efficiency savings of \$500,000 is recommended to be transferred to the SGF in the Governor's budget and includes \$250,000 each from KID and KSC.

The OAG would use the \$400,000 annual transfer for the salaries and wages and other operating expenses of 3.50 FTE positions (3.00 FTE attorney and 0.50 FTE legal assistant) to prosecute cases of insurance and securities fraud. The fiscal effect associated with enactment of the bill is reflected in *The FY 2018 Governor's Budget Report*.

SB 120 – Updating References to the Federal Securities Act

In the Senate and House Committees on Judiciary, no proponent or opponent testimony was provided. An assistant revisor stated SB 120 would make a technical change and the reference would refer to the same provision of federal law concerning notice filing requirements for federal covered securities.

The Senate Committee recommended the bill be placed on the Consent Calendar.

According to the fiscal note prepared by the Division of the Budget, the Office of the Kansas Securities

Commissioner indicates SB 120 would have no fiscal effect on state revenues or expenditures.
