Background

The contents of SB 391, as introduced, would increase the weight limit for certain emergency vehicles subject to specified maximum weights on axles. Those contents are included in SB 375, as amended by the House Committee on Transportation and passed by the House. The House Committee replaced the original contents of SB 391 with modified contents of HB 2775.

HB 2775

In the House Committee on Transportation hearing, proponent testimony was provided by Representative Claeys and representatives of the following entities: Ash Grove Cement Company; Economic Lifelines; the International Association of Sheet Metal, Air, Rail, and Transportation Workers; Kansas AFL-CIO; Kansas Aggregate Producers’ Association and Kansas Ready Mixed Concrete Association; Kansas Asphalt Pavement Association; KAC; Kansas Area Transportation Authority; Kansas Contractors Association; and Union Pacific Railroad. Written-only proponent testimony was provided by representatives of the American Council of Engineering Companies; the City of Garden City; Finney County Economic Development Corporation; Garden City Area Chamber of Commerce; Greater Kansas City Chamber of Commerce; Kansas Department of Transportation; Kansas Good Roads, Inc.; Kansas Motor Carriers Association; Kansas Public Transit Association; Overland Park Chamber of Commerce; and Travel Industry Association of Kansas.

Neutral testimony was provided by a representative of the League of Kansas Municipalities. No opponent testimony was provided.

The House Committee amended the bill to authorize the co-chairpersons of the Task Force to establish additional subcommittees as they deem necessary, add the AFL-CIO to the list of organizations with which certain appointees must
be affiliated, require the appointees to include two members from each KDOT district rather than each congressional district and remove references to representation by congressional district in appointment provisions, and make technical corrections. The House Committee also adopted an amendment to require an appointee of the Minority Leader of the Senate to be a resident of the second congressional district, if necessary to satisfy a requirement in the bill as introduced to require representation from each Kansas congressional district; however, this amendment was nullified by subsequent adoption of the amendment to require representation from each KDOT district rather than congressional district. The House Committee then placed the amended contents into a substitute bill.

According to the fiscal note prepared by the Division of the Budget on HB 2775, as introduced, the Division of Legislative Administrative Services estimates the bill would require additional expenditures totaling $46,935 from the State General Fund for the Legislature’s budget for FY 2019: $40,088 for legislator pay and travel costs, $6,707 for pay and travel costs of one committee assistant, and $140 for publications in the Kansas Register. The estimate assumes the Task Force will meet four times and each subcommittee will meet at least twice. Any fiscal effect associated with HB 2775 is not reflected in The FY 2019 Governor’s Budget Report.
