2-1319. Control and eradication of noxious weeds; payment of costs; sale of chemicals for use on private property, price. (a) The cost of controlling and eradicating noxious weeds on all lands or highways owned or supervised by a state agency, department or commission shall be paid by the state agency, department or commission supervising such lands or highways from funds appropriated to its use; on county lands and county roads, on township lands and township roads, on city lands, streets and alleys by the county, township or city in which such lands, roads, streets and alleys are located, and from funds made available for that purpose; on drainage districts, irrigation districts, cemetery associations and other political subdivisions of the state, the costs shall be paid from their respective funds made available for the purpose. If the governing body of any political subdivision owning or supervising lands infested with noxious weeds within their jurisdiction fails to control such noxious weeds after 15 days’ notice directing any such body to do so, the board of county commissioners shall proceed to have proper control and eradication methods used upon such lands, and shall notify the governing body of the political subdivision by certified mail of the costs of such operations, with a demand for payment. The governing body of the political subdivision shall pay such costs from its noxious weed fund, or if no such fund is available, from its general fund or from any other funds available for such purpose. Copy of the statement, together with proof of notification, shall at the same time be filed with the county clerk, and if the amount is not paid within 30 days, such clerk shall spread the amount upon the tax roll of the subdivision, and such amount shall become a lien against the entire territory located within the particular political subdivision, and shall be collected as other taxes are collected.

(b) All moneys collected pursuant to this section shall be paid into the county noxious weed eradication fund.

(c) As used in this section, “governing body” means the board, body, or persons in which the powers of a political subdivision as a body corporate are vested; and “political subdivision” means any agency or unit of the state authorized to levy taxes or empowered to cause taxes to be levied.

(d) On all other lands the owner thereof shall pay the cost of control and eradication of noxious weeds. Except as provided in K.S.A. 2-1333, and amendments thereto, chemical materials for use on privately owned lands may be purchased from the board of county commissioners at a price fixed by the board of county commissioners which shall be in an amount equal to not less than 50% nor more than 75% of the total cost incurred by the county in purchasing, storing and handling such chemical materials. However, once the tax levying body of a county, city or township has authorized a tax levy of 1.5 mills or more, the board of county commissioners may collect from the owner of privately owned lands an amount equal to 75% but not more than 100% of the total cost incurred by the county in purchasing, storing and handling chemical materials used in the control and eradication of noxious weeds on such privately owned lands. Whenever official methods of eradication, adopted by the secretary of agriculture, are not followed in applying the chemical materials so purchased, the board of county commissioners may collect the remaining portion of the total cost thereof.
