HB 2437

Testifying in support of passage

House Ag Committee

1-23-20

Chairman Highland, ranking minority Carlin,

Kansas Farmers Union supports passage of HB 2437, AN ACT concerning agriculture, relating to the labeling of certain foods; prohibiting the use of identifiable meat terms on labels or in advertisements of meat analogs without use of proper qualifying language.

National Farmers Union has very strong policy that supports the need for appropriate labeling and advertising of this new form of food that HB 2437 addresses.

Thank you for your consideration of HB 2437.

Donn Teske
President
Kansas Farmers Union
