

To the Chairman of the Committee on Federal and State Affairs,

As a Kansas native with strong and long-standing interest in the historical contributions of Kansas and my "hometown" of Leavenworth, I am in support of HB2650, recognizing February 15 as Susan B. Anthony Day in the State of Kansas.

Although, Susan B. Anthony is a national heroine, her strong connection to Kansas is undeniable and one that all Kansans should be proud of. Now is the time to officially honor that connection and her contributions to Kansas in making the State a key player in the history of Women's Suffrage.

Such a designation is long-overdue and warranted in the Centennial year of the ratification of the 19th Amendment.

Thank you for your consideration.

Sincerely,

Marti Sachse Judson
