electric transmission authority; amending K.S.A. 2018 Supp. 75-4319
and repealing the existing section; also repealing K.S.A. 74-99d15.

Be it enacted by the Legislature of the State of Kansas:
New Section 1. (a) Sections 1 through 14, and amendments thereto,
shall be known and may be cited as the Kansas electric transmission
authority act.
(b) The purpose for which the Kansas electric transmission authority
is created is to further ensure planning and reliable operation of the
integrated electrical transmission system, diversify and expand the Kansas
economy and facilitate the delivery and utilization of Kansas energy
through improvements in the state's electric transmission infrastructure and
related policy initiatives.

New Sec. 2. As used in the Kansas electric transmission authority act:
(a) "Authority" means the Kansas electric transmission authority
created by this act.
(b) "Board" means the board of directors of the authority.
(c) "Transmission facilities" means electric transmission facilities and
any supporting infrastructure, including, but not limited to, electric
transmission lines, towers, poles, substations and any other structures or
equipment necessary for the transmission of electricity.

New Sec. 3. (a) There is hereby created a body politic and corporate
to be known as the Kansas electric transmission authority. The authority is
hereby constituted a public instrumentality, and the exercise by the
authority of the powers conferred by this act in the construction, operation
and maintenance of electric transmission projects shall be deemed and
held to be the performance of an essential governmental function.
(b) (1) The authority shall be governed by a board of directors
consisting of nine members.
(2) Five members shall be appointed by the governor, subject to
confirmation by the senate as provided by K.S.A. 75-4315b, and
amendments thereto. Except as provided by K.S.A. 46-2601, and
amendments thereto, no person appointed to the board shall exercise any
power, duty or function as a member of the board until confirmed by the
senate. The terms of members first appointed to the board shall be as
follows: Three shall be appointed for terms expiring on the third March 15 following appointment and two for terms expiring on the fourth March 15 following appointment. Thereafter, members shall be appointed for terms of four years and until their successors are appointed and confirmed. All persons appointed by the governor and serving as members shall be qualified voters of the state of Kansas with special knowledge, as evidenced by college degrees or courses, or with at least five years' experience in managerial positions, in the field of electric transmission or energy infrastructure development. Not more than three of the members appointed by the governor shall be members of the same political party. A person appointed by the governor to fill a vacancy on the board shall be appointed to serve for the unexpired term. A member appointed to the board by the governor shall be eligible for reappointment. A member of the board appointed by the governor may be removed by the governor for misfeasance, malfeasance or willful neglect of duty, but only after reasonable notice and a public hearing conducted in accordance with the provisions of the Kansas administrative procedure act.

(3) The following shall be ex officio members of the board: The chairperson and ranking minority member of the senate standing committee on utilities or its successor and the chairperson and ranking minority member of the house standing committee on energy, utilities and telecommunications or its successor. Ex officio members shall be entitled to vote and participate as full members of the board.

e) Each member of the board, before entering upon the member's duties, shall take and subscribe an oath or affirmation as required by law.

Five members of the board shall constitute a quorum, and the affirmative vote of five members shall be necessary for any action taken by the board. No vacancy in the membership of the board shall impair the right of a quorum to exercise all the rights and perform all the duties of the board.

(b) The authority, in accordance with the provisions of K.S.A. 75-4317 et seq., and amendments thereto, may recess for a closed or executive meeting to discuss and consider any of the following when, in the opinion of the board, consideration of the items in an open meeting would be harmful to the competitive position of third parties or to the security of transmission facilities:

1) Proprietary information gathered by or in the possession of the authority from third parties pursuant to a promise of confidentiality;
(2) information regarding the location of transmission facilities and security measures that protect such facilities; or
(3) information that is related to transmission capacity or availability and is not otherwise available to all electric energy market participants.

(c) The authority may recess for a closed or executive meeting pursuant any other exemption of the Kansas open meetings act in K.S.A. 75-4317 et seq., and amendments thereto.

New Sec. 5. (a) All resolutions and orders of the board shall be recorded and authenticated by the signature of the secretary or a person designated by the secretary. The book of resolutions, orders, minutes of open meetings, annual reports and annual financial statements of the authority shall be public records as defined by K.S.A. 45-215 et seq., and amendments thereto. All public records shall be subject to regular audit as provided in K.S.A. 46-1106, and amendments thereto.

(b) The following records of the authority shall not be subject to disclosure pursuant to the provisions of the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto, when, in the opinion of the board, disclosure of the information in the records would be harmful to the competitive position of third parties or to the security of transmission facilities:

(2) information regarding the location of transmission facilities and security measures that protect such facilities; or
(3) information that is related to transmission capacity or availability and is not otherwise available to all electric energy market participants.

(c) The provisions of subsection (b) shall expire on July 1, 2024, unless the legislature reviews and reenacts such provisions pursuant to K.S.A. 45-229, and amendments thereto.

(d) In addition to the records described in subsection (b), records may be exempt from disclosure pursuant to any other exemption to disclosure provided in K.S.A. 45-215 et seq., and amendments thereto.

New Sec. 6. (a) Any member of the board and any employee, other agent or advisor of the authority, who has a direct or indirect interest in any contract or transaction with the authority, shall disclose such interest to the authority in writing. Such interest shall be set forth in the minutes of the authority. No board member, employee or other agent or advisor having such interest shall participate on behalf of the authority in the authorization of any such contract or transaction.

(c) The authority shall continue until terminated by law. No such law terminating the authority shall take effect while the authority has bonds, debts or obligations outstanding unless adequate provision has been made for the payment or retirement of such bonds, debts or obligations. Upon dissolution of the authority, all property, funds and assets thereof shall be disposed of as provided by law.

New Sec. 8. (a) The authority shall not be subject to supervision or regulation by the state corporation commission, except that the authority shall be construed to be a public utility subject to the jurisdiction of the state corporation commission with regard to wire stringing and transmission line siting pursuant to K.S.A. 66-183 and 66-1,177 et seq., and amendments thereto.

proceed to complete performance. If a private entity has given notice of
intention to complete performance, the authority may proceed to perform
the acts, construct the facilities or provide the services if the private entity
fails to complete performance within 180 days after the date of notice by
the entity.

(c) The authority shall not operate or maintain transmission facilities.
(d) The authority shall exercise the rights and powers granted to it in
this act only with respect to transmission facilities that the southwest
power pool regional transmission organization, or its successor, has
determined are compatible with plans adopted by such organization and,
for electric transmission lines with an operating voltage of 60 kilovolts or
