My name is Betty and I am a nursing student and mother .I recently just started working for Trinity however I have been working for healthcare agencies for the past 2 years .The finacial change in my income has been and is the reason I am able to continue with Nursing School .Due to Covid classes are rescheduled abruptly and the flexibility of working agency has helped a lot .I have also been able to pay for my own education and my children's education as well (2 in college).I could not have done that a few years ago .Please consider the financial freedom and benefits to people who are and have been trying to improve their lives due to the better wages agencies provide.
