RE: Testimony in Support of City Utility Low-Interest Program

As residents and customers of the Denison gas system, we are feeling the financial burden associated with the unprecedented gas prices for February. This is causing an extreme financial burden for all of us, especially those on fixed incomes. The city gas system needs your support in the form of a long-term loan in order for customers, like us, to be able to keep up with our payments.

Thank you in advance for supporting the city utility low-interest program legislation.
