Holly,

It is okay to use my correspondence to Representative Huebert as a written testimony for my opposition to the proposed bill.

Thank you,

Hello –

Rep. Huebert’s office assistant forwarded me your feedback regarding HB 2511. If you would like for me to submit this as opposition written testimony to the committee I manage and that is running the hearing on Monday, I need to know by Noon today so that I can prepare it for the meeting on Monday. Please let me know.

Thank –

Holly

Representative Huebert,

I'm writing to let you know of our opposition to House Bill 2511 and encourage you to vote against the bill.

Kansas high schools offer education based activity programs that are an extension of the classroom. Each student that participates is eligible through a variety of measures set forth by KSHSAA and our local Board of Education.

Activities connect students to schools, positively impact academic achievement, improve student behavior, and prepare students for post secondary success. Kansas school activities programs are not club programs, nor recreational programs, nor do we aspire to be.

There are positive and negative consequences to every decision. Students and parents that choose home school are doing so because it is in their best academic or social interests. They also must recognize by choosing home school, they are forgoing other opportunities.

Thank you for your time in considering this correspondence and thank you for your service to the people of Kansas.
