

Special Committee on the Federal 30x30 Initiative

December 8th and 9th, 2021

To: Committee Chair, Representative Ken Rajhes

From: Melissa McAllister

Americus, Kansas 66835

This is a written testimony that will be followed up with an oral testimony during public comment. Thank you for the opportunity to share my story as a citizen of Lyon County, Kansas. For the past 2 years, I have submitted upwards of 400 open record requests on many governing issues facing Lyon County, half of those records have been surrounding the escalating zoning conflicts in Lyon County.

The documents attached here barely scratch the surface toward telling the story of our God given inalienable right to own and defend our property in Lyon County. When the government covets our property, we have the civic and personal duty to stand and defend what is rightfully ours. Governments have been instituted among men to protect our inalienable rights, not to covet them.

There are many facets of the government 30x30 Initiative, my focus will be regarding how the government in Lyon County has been advancing against the citizens toward coveting our property by these means:

- 1) City and County Home Rule becoming authority for zoning regulations in unincorporated Lyon County in addition to KSA 12-741. This has not happened previous to 4/1/21,
- 2) Subdivision KSA 12-749 becoming authority for zoning regulations in unincorporated Lyon County instead of KSA 12-756,
- 3) Replacing Lyon County land use zoning map with form-based “Regulating Plans” that each have their own map,
<https://lyoncounty.org/index/government/departments/zoning/>
- 4) Aggressive application of Rural Housing Incentive Districts, KSA 12-5242 with special references to KSA 12-5250,
- 5) City of Emporia Commissioners say that they hold the purse-strings for RDA.
- 6) Ignite Emporia has conducted a “Housing Study” consistent with Rural Housing Incentive District requirements, note page 13 as to why subdivisions in unincorporated Lyon County are necessary,
<https://lyoncounty.org/index/government/departments/zoning/>

- 7) Interlocal agreement between City of Emporia and Lyon County Res. 11-03 uses the land use map, however the unincorporated zoning regulations use "Regulating Plan" maps which is creating conflict,
- 8) FEMA CRS (Community Rating System) offers grant funding to counties that seek to gain floodplain property ownership away from private property owners. See section 6.8.3
- 9) NHA offers robust funding from its partner programs as is listed in Res. 12-19 as one reason Lyon County was seeking participation in the NHA,
- 10) Reading Wind Farm was initiated under county home rule, KSA 19-101(a) however, the CUP (Conditional Use Permit) is under zoning regulations, so what happens to CUP when the zoning regulations are repealed and no longer supporting the CUP? Namely, has the CUP county criteria for dismantling the wind generators now fallen to the land owner or to the taxpayers?
- 11) Joint Comprehensive Plan coupled with separate zoning regulations for City of Emporia and unincorporated Lyon County is creating conflict.

<https://lyoncounty.org/index/government/departments/zoning/>

Please recognize that coveting another person's property violates our God-given right to own property and defend it. There have been many advances made in Lyon County to take the control of our property zoning authority away from the land owners, and our elected representatives in legislature, and concentrate it in the power of a few. Notice the news article, RDA begins discussions for future..., written in KVOE news. There is discussion of the "red team" being able to make swift and nimble decisions.

We, the People, and our rightful elected representatives will make decisions regarding our rightfully owned property. We will stand against "red teams" and defend ourselves in court and in testimonies like today against government advances that covet our property.

Grateful for the opportunity to expound my two years of research and investigation.

Sincerely,

Melissa McAllister

12-749. Same; subdivision regulations; adoption and amendment; notice and hearing. (a) Following adoption of a comprehensive plan, a city planning commission may adopt and amend regulations governing the subdivision of land. A city planning commission shall apply subdivision regulations to all land located within the city and may apply such regulations to land outside of but within three miles of the nearest point of the city limits provided such land is within the same county in which the city is located and does not extend more than $\frac{1}{2}$ the distance between such city and another city which has adopted regulations under this section. A county planning commission may establish subdivision regulations for all or for parts of the unincorporated areas of the county.

(b) Subdivision regulations may include, but not be limited to, provisions for: (1) Efficient and orderly location of streets; (2) reduction of vehicular congestion; (3) reservation or dedication of land for open spaces; (4) off-site and on-site public improvements; (5) recreational facilities which may include, but are not limited to, the dedication of land area for park purposes; (6) flood protection; (7) building lines; (8) compatibility of design; (9) stormwater runoff, including consideration of historic and anticipated 100-year rain and snowfall precipitation records and patterns; and (10) any other services, facilities and improvements deemed appropriate.

(c) Subdivision regulations may provide for administrative changes to land elevations designated on a plat. Such regulations may provide for plat approval conditional upon conformance with the comprehensive plan. Such regulations may provide for the payment of a fee in lieu of dedication of land. Such regulations may provide that in lieu of the completion of any work or improvements prior to the final approval of the plat, the governing body may accept a corporate surety bond, cashier's check, escrow account, letter of credit or other like security in an amount to be fixed by the governing body and conditioned upon the actual completion of such work or improvements within a specified period, in accordance with such regulations, and the governing body may enforce such bond by all equitable remedies.

(d) Before adopting or amending any subdivision regulations, the planning commission shall call and hold a hearing on such regulations or amendments thereto. Notice of such hearing shall be published at least once in the official city newspaper in the case of a city or in the official county newspaper in the case of a county. Such notice shall be published at least 20 days prior to the hearing. Such notice shall fix the time and place for such hearing and shall describe such proposal in general terms. In the case of a joint committee on subdivision regulations, such notice shall be published in the official city and official county newspapers. The hearing may be adjourned from time to time and at the conclusion of the same, the planning commission shall prepare its recommendations and by an affirmative vote of a majority of the entire membership of the commission adopt the same in the form of proposed subdivision regulations and shall submit the same, together with the written summary of the hearing thereon, to the governing body. The governing body either may: (1) Approve such recommendations by ordinance in a city or resolution in a county; (2) override the planning commission's recommendations by a $\frac{2}{3}$ majority vote; or (3) may return the same to the planning commission for further consideration, together with a statement specifying the basis for the governing body's failure to approve or disapprove. If the governing body returns the planning commission's recommendations, the planning commission, after considering the same, may resubmit its original recommendations giving the reasons therefor or submit new and amended recommendations. Upon the receipt of such recommendations, the governing body, by a simple majority thereof, may adopt or may revise or amend and adopt such recommendations by the respective ordinance or resolution, or it need take no further action thereon. If the planning commission fails to deliver its recommendations to the governing body following the planning commission's next regular meeting after receipt of the governing body's report, the governing body shall consider such course of inaction on the part of the planning commission as a resubmission of the original recommendations and proceed accordingly. The

proposed subdivision regulations and any amendments thereto shall become effective upon publication of the respective adopting ordinance or resolution.

History: L. 1991, ch. 56, § 9; L. 1997, ch. 72, § 2; July 1.

12-756. Same; zoning; zones or districts; procedure to establish; notice and hearing. (a)

Before any city or county establishes any zone or district or regulates or restricts the use of buildings or land therein, the governing body shall require the planning commission to recommend the nature and number of zones or districts which it deems necessary and the boundaries of the same and appropriate regulations or restrictions to be enforced therein. Except as provided in the zoning regulations, all such regulations shall be uniform for each class or kind of building or land uses throughout each district, but the regulations in one district may differ from those in other districts and special uses may be designated within each district with conditions attached.

(b) Upon the development of proposed zoning regulations, the planning commission shall hold a public hearing thereon. Notice of such public hearing shall be published at least once in the official city newspaper in the case of a city or in the official county newspaper in the case of a county at least 20 days prior to the date of the hearing. In the case of a joint zoning board, notice of such hearing shall be published in the official city and official county newspapers. Such notice shall fix the time and place for such hearing and shall describe such proposal in general terms. The hearing may be adjourned from time to time and at the conclusion of the same, the planning commission shall prepare its recommendations and by an affirmative vote of a majority of the entire membership of the commission adopt the same in the form of proposed zoning regulations and shall submit the same, together with the written summary of the hearing thereon, to the governing body. The governing body either may: (1) Approve such recommendations by the adoption of the same by ordinance in a city or resolution in a county; (2) override the planning commission's recommendations by a $\frac{2}{3}$ majority vote of the membership of the governing body; or (3) may return the same to the planning commission for further consideration, together with a statement specifying the basis for the governing body's failure to approve or disapprove. If the governing body returns the planning commission's recommendations, the planning commission, after considering the same, may resubmit its original recommendations giving the reasons therefor or submit new and amended recommendations. Upon the receipt of such recommendations, the governing body, by a simple majority thereof, may adopt or may revise or amend and adopt such recommendations by the respective ordinance or resolution, or the governing body need take no further action thereon. If the planning commission fails to deliver its recommendations to the governing body following the planning commission's next regular meeting after receipt of the governing body's report, the governing body shall consider such course of inaction on the part of the planning commission as a resubmission of the original recommendations and proceed accordingly. The proposed zoning regulations and any amendments thereto shall become effective upon publication of the respective adopting ordinance or resolution.

(c) The provisions of this section shall become effective on and after January 1, 1992.

History: L. 1991, ch. 56, § 16; July 1.

12-5242. Rural housing incentives; definitions. Except as otherwise provided, as used in K.S.A. [12-5241](#) through [12-5251](#) and K.S.A. 2020 Supp. [12-5252](#) through [12-5258](#), and amendments thereto, the following words and phrases shall have the following meanings unless a different meaning clearly appears from the context:

(a) "City" means any city incorporated in accordance with Kansas law with a population of less than 60,000 in a county with a population of less than 80,000, as certified to the secretary of state by the director of the division of the budget on the previous July 1 in accordance with K.S.A. [11-201](#), and amendments thereto.

(b) "City housing authority" means any agency of a city created pursuant to the municipal housing law, K.S.A. [17-2337](#) et seq., and amendments thereto.

(c) "Corporation" means the Kansas housing resources corporation.

(d) "County" means any county organized in accordance with K.S.A. [18-101](#) et seq., and amendments thereto, with a population of less than 60,000, as certified to the secretary of state by the director of the division of the budget on the previous July 1st in accordance with K.S.A. [11-201](#), and amendments thereto.

(e) "Developer" means the person, firm or corporation responsible under an agreement with the governing body to develop housing or related public facilities in a district.

(f) "District" means a rural housing incentive district established in accordance with this act.

(g) "Governing body" means the board of county commissioners of any county or the mayor and council, mayor and commissioners or board of commissioners, as the laws affecting the organization and status of cities affected may provide.

(h) "Housing development activities" means the construction or rehabilitation of infrastructure necessary to support construction of new residential dwellings and the actual construction of such residential dwellings, if such construction is conducted by a city housing authority.

(i) "Secretary" means the secretary of commerce of the state of Kansas.

(j) "Real property taxes" means and includes all taxes levied on an ad valorem basis upon land and improvements thereon.

(k) "Taxing subdivision" means the county, the city, the unified school district, and any other taxing subdivision levying real property taxes, the territory or jurisdiction of which includes any currently existing or subsequently created rural housing incentive district.

History: L. 1998, ch. 66, § 2; L. 2003, ch. 154, § 7; L. 2008, ch. 92, § 1; L. 2009, ch. 143, § 5; July 1.

Revisor's Note:

Section was amended three times in the 2008 session, see also [12-5242a](#) and [12-5242b](#).

12-5250. Same; taxation within district; collection and distribution. (a) All taxable tangible property located within a district established in accordance with this act shall be assessed and taxed for ad valorem tax purposes pursuant to law in the same manner that such property would be assessed and taxed if located outside such district, and all ad valorem taxes levied on such property shall be paid to and collected by the county treasurer in the same manner as other taxes are paid and collected. Except as otherwise provided in this section, the county treasurer shall distribute such taxes as may be collected in the same manner as if such property were located outside the district. Each district established under the provisions of this act shall constitute a separate taxing unit for the purpose of the computation and levy of taxes.

(b) Beginning with the first payment of taxes that are levied following the date of the approval of any district in accordance with this act, and amendments thereto, real property taxes received by the county treasurer resulting from taxes which are levied subject to the provisions of this act by and for the benefit of a taxing subdivision on property located within such district constituting a separate taxing unit under the provisions of this section, shall be divided as follows:

(1) From the taxes levied each year subject to the provisions of this act by or for each taxing subdivisions upon property located within a district constituting a separate taxing unit under the provisions of this act, the county treasurer first shall allocate and pay to each such taxing subdivision all of the real property taxes collected which are produced from that portion of the current assessed valuation of such real property located within such separate taxing unit which is equal to the total assessed value of such real property on the date of the establishment of the district.

(2) Any real property taxes produced from that portion of the current assessed valuation of real property within a district and constituting a separate taxing unit under the provisions of this section in excess of an amount equal to the total assessed value of such real property on the effective date of the establishment of the district shall be allocated and paid by the county treasurer to the treasurer as follows:

(A) In districts established by a city, the amount shall be paid to the treasurer of the city and deposited in a special fund of the city to pay the cost of housing projects in the district including the payment of principal of and interest on any special obligation bonds issued by such city to finance, in whole or in part, such housing project.

(B) In districts established by a county, the amount shall be deposited by the county treasurer in a special fund of the county to pay the cost of housing projects in the district including the payment of principal of and interest on any special obligation bonds issued by such county to finance, in whole or in part, such housing project. If such special obligation bonds and interest thereon have been paid before the completion of a project, the city or county may continue to use such moneys for any purpose authorized by this act until such time as the project is completed, but for not to exceed 25 years from the date of the establishment of the district. When such special obligation bonds and interest thereon have been paid and the project is completed, all moneys thereafter received from real property taxes within such district shall be allocated and paid to the respective taxing subdivisions in the same manner as are other ad valorem taxes.

(c) Notwithstanding any other provision of law, it is hereby stated that is an object of all ad valorem taxes levied by or for the benefit of any taxing subdivision on taxable tangible real property located within any district created pursuant to this act, that such taxes may be applied and allocated to and when collected paid into a special fund of a city or county pursuant to the procedures and limitations of this act to pay the cost of a project including principal of and interest on special obligation bonds issued by such city or county to finance, in whole or in part, such project.

RESOLUTION NO. 02-21

A RESOLUTION TO REPLACE THE LYON COUNTY ZONING AND SUBDIVISION REGULATIONS BY REPEALING RESOLUTION NUMBERS 09-03 OF THE LYON COUNTY ZONING AND SUBDIVISION REGULATIONS AND INCORPORATING BY REFERENCE THE NEW LYON COUNTY ZONING REGULATIONS (LC-Z) AS PRESENTED PURSUANT TO K.S.A. § 12-749.

WHEREAS, the Lyon County Planning and Appeals Board have recommended that Lyon County repeal its current Lyon County Zoning and Subdivision Regulations (09-03) based upon the submitted Lyon County Zoning Regulations (LC-Z);

AND WHEREAS, upon the recommendation of the Lyon County Zoning and Appeals Board (LCPAB), the Governing Body has determined that is in the best interest of Lyon County to revise and update the Lyon County Zoning Regulations (LC-Z) by repealing the current Lyon County Zoning and Subdivision Regulations (09-03) and adopting and incorporating by reference the new Lyon County Zoning Regulations (LC-Z).

THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF LYON COUNTY, KANSAS:

SECTION 1.

That Resolution 09-03 of the Lyon County Zoning and Subdivision Regulations is hereby repealed.

SECTION 2.

That the Lyon County Zoning Regulations also known as (LC-Z) are hereby adopted, accepting the recommendations of the Lyon County Planning and Appeals Board pursuant to K.S.A. § 12-749 (d)(1), and shall be implemented April 1, 2021.

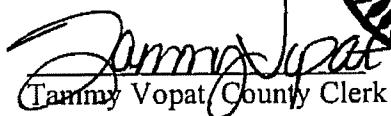

Copies of the Lyon County Zoning Regulations (LC-Z) for Lyon County, Kansas, shall be marked or stamped "Official Copy as incorporated by Resolution No. 02-21 of Lyon County, Kansas," and such copies shall be filed with the County Clerk to be open to inspection and available to the public at all reasonable business hours, provided that such official copies may not be removed from the county courthouse. All county officials requiring the use of the Lyon County Zoning Regulations (LC-Z) for Lyon County, Kansas, shall be supplied in digital format.

SECTION 3.

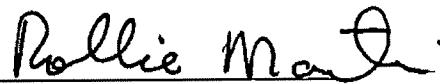

This resolution shall take effect upon publication in the official county newspaper and be implemented on April 1, 2021.

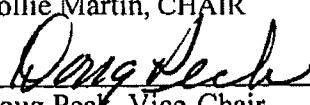

The aforesaid passed and approved this the 21st day of January, 2021.

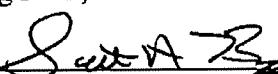

Attest:

Tammy Vopat, County Clerk

Rollie Martin, CHAIR

Doug Peck, Vice-Chair

Scott A. Briggs, Commissioner

TITLE, INTENT, AND RULES

1.1 Title

- 1.1.1 These regulations, including the Regulating Plans and Subdivision Regulations herein, shall be known and cited as the "Lyon County Zoning Regulations," "LC Zoning Regulations," "these zoning regulations," "these regulations."

1.2 Purpose and Intent

- 1.2.1 These zoning regulations, adopted pursuant to Kansas law, are enacted for the purposes and intent of:
- a. promoting and serving the public health, safety, comfort, and general welfare of the citizens of Lyon County;
 - b. obtaining the objectives of the Comprehensive Plan (PlanELC);
 - c. preserving and improving connectivity through a connected grid of streets that reflect travel demands;
 - d. preserving ecologically sensitive areas;
 - e. enhancing the use of rural land for agricultural purposes;
 - f. creating a variety of Parcel Types sensitive to the peculiarities of the various permitted standards and uses designed to increase the capability of the community as a whole;
 - g. regulating building height and the percentage of lots that may be occupied by buildings and other structures to preserve access to natural light; and
 - h. providing adequate public notice on subsequent changes to these regulations and future developments, as well as an opportunity for interested parties to be heard.

1.3 Jurisdiction

- 1.3.1 These regulations shall apply to all land located within unincorporated Lyon County, Kansas.

1.4 Authority

- 1.4.1 The K.S.A 12-741 et seq. Planning and Zoning Enabling Act is enabling legislation for the enactment of planning and zoning laws and regulations by cities and counties for the protection of the public health, safety, and welfare, and is not intended to prevent the enactment or enforcement of additional laws and regulations on the same subject which are not in conflict with the provisions of that act.
- 1.4.2 These zoning regulations are adopted under the authority granted by K.S.A. 12-741 et seq. and by Article 12, Section 5 of the Kansas Constitution and K.S.A. 19-101a, the grants of Home Rule power for cities and counties.

1.5 Rules

- 1.5.1 In the construction of these regulations, the provision and rules of this section shall be applied, except when the context clearly requires otherwise:

RESOLUTION NO. 9-03

3/6/03

NOW, on this 6th day of March, 2003, the same being a regular meeting day for the County Commissioners of Lyon County, Kansas, who then, being all present did in regular session, did meet in the Courthouse of Lyon County; and

WHEREAS, the Lyon County Planning Board has caused new Zoning and Subdivision Regulations and Zoning Map to be proposed for the Unincorporated portion of Lyon County, excluding the Emporia-Lyon County Metropolitan Planning Area as established by Resolution No.15-98 of Lyon County Kansas and by interlocal agreement between the City of Emporia and Lyon County, and

WHEREAS, said Planning Board held public study sessions and meetings throughout 2001 and 2002 regarding the new Zoning and Subdivision Regulations; and

WHEREAS, a Public Hearing was held on December 4, 2002, continued on February 19, 2003 and

WHEREAS, the Lyon County Zoning and Subdivision Regulations consists of a booklet prepared by said Lyon County Planning Board titled "Lyon County Zoning and Subdivision Regulations, 2003", along with a District Zoning Map; and

WHEREAS said Planning Board did by majority vote of the entire Board, vote to recommend the adoption of the "Lyon County Zoning and Subdivision Regulations, 2003" and District Zoning Map for the above stated unincorporated area of Lyon County; and

WHEREAS, said Planning Board has pursuant to K.S.A. 12-756, submitted a certified copy of the new Zoning and Subdivision Regulations and District Zoning Map and a written summary of the public hearing thereon to the Board of Lyon County Commissioners;

NOW, THEREFOR, BE IT RESOLVED by the Board of Commissioners of Lyon County, Kansas:

SECTION 1. ADOPTION. The document approved by the Planning Board entitled "Lyon County Zoning and Subdivision Regulations, 2003", is hereby approved and adopted as the new official Zoning and Subdivision Regulations for the Unincorporated area of Lyon County, excluding the Emporia-Lyon County Metropolitan Area, pursuant to K.S.A. 17-736, 12-741 et seq., governing the zoning and subdivision of land in the unincorporated area of Lyon County, and the same is hereby declared to be approved and incorporated by reference as fully as if set out herein, pursuant to K.S.A. as amended, 12-3301, 12-3302 through 12-3305.

SECTION 2. OFFICIAL COPIES. That not less than three copies of the Zoning and Subdivision Regulations in book form marked "Official Copy as Incorporated by Resolution No. 9-03", and to which there shall be attached a copy of this Resolution shall be filed with the County Clerk to be open for inspection and available to the public at all reasonable business hours.

SECTION 3. OFFICIAL MAP(S). That there is further herein incorporated by reference, and adopted, an official zoning map(s) defining the boundaries of zones and showing the district boundaries and classification of such districts, which Map(s) shall be marked "Official Copy as Incorporated by Resolutions No. 9-03" and shall be filed with the Zoning Administrator to be available for inspection to the public at all reasonable business hours.

SECTION 4. VALIDITY. That any provision of this Resolution which may be declared to be invalid by court action shall not affect the validity and authority of any other provision of this Resolution.

SECTION 5. PENALTY. That pursuant to K.S.A.12-761, as amended, the owner or agent of a building or premises where a violation of any provision of these regulations has been committed or shall exist or the lessee or tenant of an building or portion thereof or premises whenever such violations has been committed or shall exist or the owner, agent, builder, contractor or any other person who commits, takes part, or assists in any such violations shall be punished by a fine of not to exceed \$500 or by imprisonment for not more than six months for each offense by both such fine and imprisonment. Each day's violation shall constitute a separate offense.

SECTION 6. REPEAL. The formerly existing Zoning and Subdivision Regulations for Lyon County, as adopted by Resolution No. 609 and as amended, is hereby repealed.

SECTION 7. EFFECTIVE DATE. This Resolution shall take effect and be in force on April 1, 2003, and after publication in the Official County Newspaper.

PASSED AND APPROVED BY THE GOVERNING BODY OF THE COUNTY OF LYON,
KANSAS THIS 6th DAY OF March, 2003.

Establishment of new developments

By Tagan Trahoon January 08, 2020 551

The first action session of the year for the Emporia City Commission saw a number of major items approved Wednesday afternoon.

Following a brief public hearing, commissioners unanimously approved the establishment of the Pleasant Point Subdivision Rural Housing Incentive District. The subdivision will stretch from Oak to Elm Street and will essentially be an infill project for the city of Emporia according to City Consultant Jim Witt.

The area was approved for RHID eligibility by the state of Kansas on Nov. 18th 2019. With the approval, the item will now enter into a 30 day waiting period during which time city staff will be available to answer any questions or address concerns regarding the development before officially going into effect.

Incentive districts, such as Pleasant Point, capture all the incremental property taxes created by a housing development project for up to 25 years and then reinvest that money into improvements like site preparation, sanitary or storm sewers, sidewalks or water mains.

A timeline for the project has yet to be announced. In other business, commissioners approved a grant agreement with Federal Home Loan Bank of Topeka in the amount of \$240,800.

The grant will provide funding for the city to conduct repairs on 30 homes within the city limits. All of the homes included in the project are occupied by owners with household income less than 50 percent of the area median income.

After returning from one executive session, outgoing Mayor Jon Geitz delivered the annual state of the city speech where he provided his assessment of the city's achievements over the past year. Amongst the items outlined in the speech, Geitz highlighted the commission's focus on the financial strength of the community as well as the numerous improvements to the city's infrastructure.

Geitz says both of these items are crucial to one another.

RDA begins discussions on future efforts Friday *Featured*

By Tagan Trahoon February 12, 2021

The Regional Development Association of East Central Kansas began its series of discussions focused on future efforts during its monthly board meeting Friday morning.

The board tackled a series of topics including the RDA red team, a small group that, conceptually speaking, would have the power to act on certain matters in a "nimble manner" according to RDA board member Jamie Sauder.

Sauder says there will need to be certain parameters in place for the red team to operate. He says those parameters are currently unknown as there is no formal system in place for the red team at this time.

Board Chairman Jon Geitz stated during the meeting that the City Commission ultimately "holds the checkbook" for the RDA and therefore the commission would need to be on board with the red team's development if it were to move forward.

In separate, but related, discussions the board also dove into the topic of grant writing. Sauder stated during the meeting that having a grant writing program as part of the RDA would help make the organization more "robust."

Sauder went on to say the topic of grant writing revolves around a much larger discussion regarding small business development and entrepreneurship, two other topics that were also discussed briefly Friday morning. Sauder says if the RDA were to bring those focuses into its overall mission it would help to continue growing and expanding the RDA's partnership with Emporia Main Street.

He says an ideal of the RDA is to always find ways to enhance relationships amongst the community groups focused on economic development. He says overlapping in those efforts is "not a bad thing" so long as everyone can coexist effectively.

The RDA will continue its discussions on future focuses during its next monthly meeting in March.

Sauder takes oath of office

- By Ryann Brooks
- Dec 1, 2021 **Updated** Dec 2, 2021

Jamie Sauder is sworn in to the Emporia City Commission Wednesday, Dec. 1.

brooks@emporia.com

Emporia's newest city commissioner took his oath of office Wednesday afternoon. Jamie Sauder was elected Nov. 2 to the commission and originally was set to take office in January. Jon Geitz, however, had announced in October his intention to step down effective Nov. 17, saying he felt it was important for

a new commission and new city manager take the helm as soon as possible. Applications for the position were opened for 15 days, but Sauder was the only one to apply.

On Nov. 17, city commissioners voted 4-0, with Geitz abstaining from the vote, to have the commissioner-elect take the seat being vacated.

12-741. Planning and zoning in cities and counties; authorization. (a) This act is enabling legislation for the enactment of planning and zoning laws and regulations by cities and counties for the protection of the public health, safety and welfare, and is not intended to prevent the enactment or enforcement of additional laws and regulations on the same subject which are not in conflict with the provisions of this act.

(b) The provisions of this section shall become effective on and after January 1, 1992.

History: L. 1991, ch. 56, § 1; July 1.

KANSAS CONSTITUTION HOME RULE ARTICLE 12 SECTION 5

5: Cities' powers of home rule. (a) The legislature shall provide by general law, applicable to all cities, for the incorporation of cities and the methods by which city boundaries may be altered, cities may be merged or consolidated and cities may be dissolved: Provided, That existing laws on such subjects not applicable to all cities on the effective date of this amendment shall remain in effect until superseded by general law and such existing laws shall not be subject to charter ordinance. (b) Cities are hereby empowered to determine their local affairs and government including the levying of taxes, excises, fees, charges and other exactions except when and as the levying of any tax, excise, fee, charge or other exaction is limited or prohibited by enactment of the legislature applicable uniformly to all cities of the same class: Provided, That the legislature may establish not to exceed four classes of cities for the purpose of imposing all such limitations or prohibitions. Cities shall exercise such determination by ordinance passed by the governing body with referendums only in such cases as prescribed by the legislature, subject only to enactments of the legislature of statewide concern applicable uniformly to all cities, to other enactments of the legislature applicable uniformly to all cities, to enactments of the legislature applicable uniformly to all cities of the same class limiting or prohibiting the levying of any tax, excise, fee, charge or other exaction and to enactments of the legislature prescribing limits of indebtedness. All enactments relating to cities now in effect or hereafter enacted and as later amended and until repealed shall govern cities except as cities shall exempt themselves by charter ordinances as here in provided for in subsection (c).

(c)

(1) Any city may by charter ordinance elect in the manner prescribed in this section that the whole or any part of any enactment of the legislature applying to such city, other than enactments of statewide concern applicable uniformly to all cities, other enactments applicable uniformly to all cities, and enactments prescribing limits of indebtedness, shall not apply to such city.

(2) A charter ordinance is an ordinance which exempts a city from the whole or any part of any enactment of the legislature as referred to in this section and which may provide substitute and additional provisions on the same subject. Such charter ordinance shall be so titled, shall designate specifically the enactment of the legislature or part thereof made inapplicable to such city by the adoption of such ordinance and contain the substitute and additional provisions, if any, and shall require a two-thirds vote of the members-elect of the governing body of such city. Every charter ordinance shall be published once each week for two consecutive weeks in the official city newspaper or, if there is none, in a newspaper of general circulation in the city.

(3) No charter ordinance shall take effect until sixty days after its final publication. If within sixty days of its final publication a petition signed by a number of electors of the city equal to not less than ten percent of the number of electors who voted at the last preceding regular city election shall be filed in the office of the clerk of such city demanding that such ordinance be submitted to a vote of the electors, it shall not take effect until submitted to a referendum and approved by a majority of the electors voting thereon. An election, if called, shall be called within thirty days and held within ninety days after the filing of the petition. The governing body shall pass an ordinance calling the election and fixing the date, which ordinance shall be published once each week for three consecutive weeks in the official city newspaper or, if there

be none, in a newspaper of general circulation in the city, and the election shall be conducted as elections for officers and by the officers handling such elections. The proposition shall be: "Shall charter ordinance No. _____, entitled (title of ordinance) take effect?" The governing body may submit any charter ordinance to a referendum without petition by the same publication of the charter ordinance and the same publication of the ordinance calling the election as for ordinances upon petition and such charter ordinance shall then become effective when approved by a majority of the electors voting thereon. Each charter ordinance becoming effective shall be recorded by the clerk in a book maintained for that purpose with a statement of the manner of adoption and a certified copy shall be filed with the secretary of state, who shall keep an index of the same.

(4) Each charter ordinance enacted shall control and prevail over any prior or subsequent act of the governing body of the city and may be repealed or amended only by charter ordinance or by enactments of the legislature applicable to all cities. (d) Powers and authority granted cities pursuant to this section shall be liberally construed for the purpose of giving to cities the largest measure of self-government. (e) This amendment shall be effective on and after July 1, 1961.

19-101a. Home rule powers; limitations, restrictions and prohibitions; procedure. (a) The board of county commissioners may transact all county business and perform all powers of local legislation and administration it deems appropriate, subject only to the following limitations, restrictions or prohibitions:

- (1) Counties shall be subject to all acts of the legislature which apply uniformly to all counties.
- (2) Counties may not affect the courts located therein.
- (3) Counties shall be subject to acts of the legislature prescribing limits of indebtedness.
- (4) In the exercise of powers of local legislation and administration authorized under provisions of this section, the home rule power conferred on cities to determine their local affairs and government shall not be superseded or impaired without the consent of the governing body of each city within a county which may be affected.
- (5) Counties may not legislate on social welfare administered under state law enacted pursuant to or in conformity with public law No. 271 – 74th congress, or amendments thereof.
- (6) Counties shall be subject to all acts of the legislature concerning elections, election commissioners and officers and their duties as such officers and the election of county officers.
- (7) Counties shall be subject to the limitations and prohibitions imposed under K.S.A. 12-187 through 12-195, and amendments thereto, prescribing limitations upon the levy of retailers' sales taxes by counties.
- (8) Counties may not exempt from or effect changes in statutes made nonuniform in application solely by reason of authorizing exceptions for counties having adopted a charter for county government.
- (9) No county may levy ad valorem taxes under the authority of this section upon real property located within any redevelopment project area established under the authority of K.S.A. 12-1772, and amendments thereto, unless the resolution authorizing the same specifically authorized a portion of the proceeds of such levy to be used to pay the principal of and interest upon bonds issued by a city under the authority of K.S.A. 12-1774, and amendments thereto.

(10) Counties shall have no power under this section to exempt from any statute authorizing or requiring the levy of taxes and providing substitute and additional provisions on the same subject, unless the resolution authorizing the same specifically provides for a portion of the proceeds of such levy to be used to pay a portion of the principal and interest on bonds issued by cities under the authority of K.S.A. 12-1774, and amendments thereto.

(11) Counties may not exempt from or effect changes in the provisions of K.S.A. 19-4601 through 19-4625, and amendments thereto.

(12) Except as otherwise specifically authorized by K.S.A. 12-1,101 through 12-1,109, and amendments thereto, counties may not levy and collect taxes on incomes from whatever source derived.

(13) Counties may not exempt from or effect changes in K.S.A. 19-430, and amendments thereto.

(14) Counties may not exempt from or effect changes in K.S.A. 19-302, 19-502b, 19-503, 19-805 or 19-1202, and amendments thereto.

(15) Counties may not exempt from or effect changes in K.S.A. 19-15,139, 19-15,140 and 19-15,141, and amendments thereto.

(16) Counties may not exempt from or effect changes in the provisions of K.S.A. 12-1223, 12-1225, 12-1225a, 12-1225b, 12-1225c and 12-1226, and amendments thereto, or the provisions of K.S.A. 12-1260 through 12-1270 and 12-1276, and amendments thereto.

(17) Counties may not exempt from or effect changes in the provisions of K.S.A. 19-211, and amendments thereto.

(18) Counties may not exempt from or effect changes in the provisions of K.S.A. 19-4001 through 19-4015, and amendments thereto.

(19) Counties may not regulate the production or drilling of any oil or gas well in any manner which would result in the duplication of regulation by the state corporation commission and the Kansas department of health and environment pursuant to chapter 55 and chapter 65 of the Kansas Statutes Annotated, and amendments thereto, and any rules and regulations adopted pursuant thereto. Counties may not require any license or permit for the drilling or production of oil and gas wells. Counties may not impose any fee or charge for the drilling or production of any oil or gas well.

(20) Counties may not exempt from or effect changes in K.S.A. 79-41a04, and amendments thereto.

(21) Counties may not exempt from or effect changes in K.S.A. 79-1611, and amendments thereto.

(22) Counties may not exempt from or effect changes in K.S.A. 79-1494, and amendments thereto.

(23) Counties may not exempt from or effect changes in K.S.A. 19-202(b), and amendments thereto.

(24) Counties may not exempt from or effect changes in K.S.A. 19-204(b), and amendments thereto.

(25) Counties may not levy or impose an excise, severance or any other tax in the nature of an excise tax upon the physical severance and production of any mineral or other material from the earth or water.

(26) Counties may not exempt from or effect changes in K.S.A. 79-2017 or 79-2101, and amendments thereto.

(27) Counties may not exempt from or effect changes in K.S.A. 2-3302, 2-3305, 2-3307, 2-3318, 17-5904, 17-5908, 47-1219, 65-171d, 65-1,178 through 65-1,199, 65-3001 through 65-3028, and amendments thereto.

(28) Counties may not exempt from or effect changes in K.S.A. 80-121, and amendments thereto.

(29) Counties may not exempt from or effect changes in K.S.A. 19-228, and amendments thereto.

(30) Counties may not exempt from or effect changes in the Kansas 911 act.

(31) Counties may not exempt from or effect changes in K.S.A. 2020 Supp. 26-601, and amendments thereto.

(32) (A) Counties may not exempt from or effect changes in the Kansas liquor control act except as provided by paragraph (B).

(B) Counties may adopt resolutions which are not in conflict with the Kansas liquor control act.

(33) (A) Counties may not exempt from or effect changes in the Kansas cereal malt beverage act except as provided by paragraph (B).

(B) Counties may adopt resolutions which are not in conflict with the Kansas cereal malt beverage act.

(34) Counties may not exempt from or effect changes in the Kansas lottery act.

(35) Counties may not exempt from or effect changes in the Kansas expanded lottery act.

(36) Counties may neither exempt from nor effect changes to the eminent domain procedure act.

(37) Any county granted authority pursuant to the provisions of K.S.A. 19-5001 through 19-5005, and amendments thereto, shall be subject to the limitations and prohibitions imposed under K.S.A. 19-5001 through 19-5005, and amendments thereto.

(38) Except as otherwise specifically authorized by K.S.A. 19-5001 through 19-5005, and amendments thereto, counties may not exercise any authority granted pursuant to K.S.A. 19-5001 through 19-5005, and amendments thereto, including the imposition or levy of any retailers' sales tax.

(39) Counties may not exempt from or effect changes in K.S.A. 65-201 and 65-202, and amendments thereto.

(b) Counties shall apply the powers of local legislation granted in subsection (a) by resolution of the board of county commissioners. If no statutory authority exists for such local legislation other than that set forth in subsection (a) and the local legislation proposed under the authority of such subsection is not contrary to any act of the legislature, such local legislation shall become effective upon passage of a resolution of the board and publication in the official county newspaper. If the legislation proposed by the board under authority of subsection (a) is contrary to an act of the legislature which is applicable to the particular county but not uniformly applicable to all counties, such legislation shall become effective by passage of a charter resolution in the manner provided in K.S.A. 19-101b, and amendments thereto.

(c) Any resolution adopted by a county which conflicts with the restrictions in subsection (a) is null and void.

12-758. Same; existing uses; alterations; agricultural land exempted, exception. (a) Except as otherwise provided by this section and K.S.A. [12-770](#) and [12-771](#), and amendments thereto, regulations adopted under authority of this act shall not apply to the existing use of any building or land, but shall apply to any alteration of a building to provide for a change in use or a change in the use of any building or land after the effective date of any regulations adopted under this act. If a building is damaged by more than 50% of its fair market value such building shall not be restored if the use of such building is not in conformance with the regulations adopted under this act.

(b) Except for flood plain regulations in areas designated as a flood plain, regulations adopted by a city pursuant to K.S.A. [12-715b](#), and amendments thereto, or a county pursuant to this act shall not apply to the use of land for agricultural purposes, nor for the erection or maintenance of buildings thereon for such purposes so long as such land and buildings are used for agricultural purposes and not otherwise.

History: L. 1991, ch. 56, § 18; L. 1997, ch. 147, § 9; May 1.

12-771. Same; nonconforming uses; elimination of. Nothing in this act is intended to prevent cities or counties from enforcing local laws, enacted under other legal authority, for the gradual elimination of nonconforming uses.

History: L. 1997, ch. 147, § 11; May 1.

12-715b. Zoning of land outside city limits; conditions and limitations; notice to county commissioners. Cities are hereby authorized to adopt zoning regulations affecting all or any designated portion of the land located outside the city but within three miles thereof under the following conditions. Except for flood plain regulations in areas designated as a flood plain, nothing in this act shall be construed as authorizing any city to adopt regulations applying to or affecting any land in excess of three acres under one ownership which is used only for agricultural purposes:

(a) The city has established a planning commission under the provisions of K.S.A. [12-702](#), and amendments thereto, which provides for the appointment of two commission members who reside outside the city but within the area subject to the zoning regulations of the city, or the city has established a joint, metropolitan or regional planning commission in cooperation with the county in which such city is located pursuant to the provisions of K.S.A. [12-718](#), and amendments thereto.

(b) The land outside the city which is subject to the zoning regulations of the city has been included within a comprehensive plan recommended by either of such planning commissions and has been approved by the city governing body or the board of county commissioners.

(c) The county has specifically excluded the land from county zoning regulations or the county does not have in effect zoning regulations for such area adopted in conformity with the statutes prescribing procedure for the adoption of county zoning regulations.

(d) The city has notified the board of county commissioners in writing **60 days** before initiating zoning regulations by ordinance for such area of its intention to adopt such regulations by ordinance.

History: L. 1969, ch. 76, § 1; L. 1984, ch. 67, § 1; L. 1991, ch. 63, § 2; July 1.

19-2921. Zoning regulations inapplicable to existing structures or agricultural land; exceptions. Regulations adopted under authority of this act shall not apply to the existing use of any buildings or land and shall not prevent the restoration of a building damaged not more than 50% of its assessed valuation by fire, explosion, act of God or the public enemy, or prevent the continuance of the use of such building or part thereof as such use existed at the time of such damage, but shall apply to any alteration of a building to provide for a change in such use of any building or land after

All sources here listed are the statutes under whose authority the 2021 ag regulations were written.

the effective date of any such zoning regulation. Except for flood plain regulations in areas designated as a flood plain, regulations adopted pursuant to this act shall not apply to the use of land for agricultural purposes, nor for the erection or maintenance of buildings thereon for such purposes so long as such land and buildings erected thereon are used for agricultural purposes and not otherwise.

INTERLOCAL AGREEMENT

INTERLOCAL AGREEMENT BETWEEN THE BOARD OF COUNTY COMMISSIONERS OF LYON COUNTY, KANSAS AND THE CITY OF EMPORIA, KANSAS PROVIDING FOR THE REGULATION OF THE USE OF LAND WITHIN TERRITORY DESIGNATED AS THE EMPORIA-LYON COUNTY METROPOLITAN PLANNING AREA.

This interlocal agreement (agreement) dated this 1st day of February, 2000, by and between the Board of County Commissioners of Lyon County, Kansas (County) and the City of Emporia, Kansas (City).

WHEREAS, K.S.A. 12-2901 et seq., and K.S.A. 12-744(c) provide legal authority for cities and counties to cooperate in the exercise of their powers in a manner that will best serve the public interest; and

WHEREAS, both the City and County possess broad powers of Home Rule and the exercise of Home Rule in the context of land use planning is recognized at K.S.A. 12-741; and

WHEREAS, K.S.A. 12-2901 et seq., the Interlocal Cooperation Act, authorizes cities and counties to enter into interlocal agreements for joint or cooperative action pursuant to the provisions of the Interlocal Cooperation Act; and

WHEREAS, the Board of County Commissioners of Lyon County, Kansas and the City of Emporia desire to enter into an interlocal agreement providing for the regulation of the use and development of certain land outside the city limits of the City of Emporia.

NOW, THEREFORE, IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES HERETO, AS FOLLOWS:

Section 1. Purpose and Scope.

(a) The purpose of this agreement is to provide for the delegation of certain land use regulatory authority, between the County and the City, within territory outside the corporate limits of the City of Emporia but within the Emporia-Lyon County Metropolitan Planning Area, such territory designated as the City's "Growth Area", subject to the conditions set out in this agreement.

(b) This agreement shall not be interpreted as affecting the zoning, subdivision and building code powers and authority of the City or the County other than within the Growth Area, as provided for in this agreement. All powers of the County over unincorporated territory outside the designated Growth Area, and all powers of the County over territory within the designated Growth Area other than those relating to zoning and subdivision regulation and building codes, as provided for in this agreement, are hereby expressly reserved to Lyon County.

Section 2. Growth Area Boundaries; Adjustments.

(a) The City and County hereby designate certain territory within the Emporia-Lyon County Metropolitan Planning Area but outside the City's corporate limits and within the County as the City's "Growth Area". Land use in such area is hereby found to influence both City and County resources and it is therefore in the public interest for land use regulatory and development authority over such area to be jointly exercised by the County and City in accordance with and as provided in this agreement. The Growth Area is designated on the map attached hereto at "Attachment A"

and hereby incorporated by reference within this agreement.

(b) Adjustments to the original boundaries of the Growth Area shall be made by passage of a joint County resolution and City ordinance. Such adjustments shall not be interpreted as being amendments to this agreement nor as amendments to either the City's or County's zoning or subdivision regulations.

Section 3. Emporia-Lyon County Metropolitan Area Planning Commission

(a) The Emporia-Lyon County Metropolitan Area Planning Commission (Joint Planning Commission), in existence on the effective date of this Interlocal Agreement, shall continue in existence, and shall be governed by the provisions of this agreement.

(b) The Joint Planning Commission shall serve as the City's planning commission and is empowered to carry into effect all state laws relating to planning authorized for cities and counties in the City's Growth Area. Provisions relating to the original establishment of such Joint Planning Commission are set forth in Article 2, Chapter 20 of the Code of the City of Emporia, Kansas, 1983, and as previously adopted by resolution of the County. No modifications to the membership, terms or functions of the Joint Planning Commission shall be effective in the Growth Area without adoption of an ordinance by the City and until first approved by resolution adopted by majority vote of the Lyon County Board of County Commissioners.

(c) All fees for application to the Joint Planning Commission or the Emporia-Lyon County Joint Board of Zoning Appeals (BZA), established under the Emporia-Lyon County Metropolitan Zoning Regulations, as subsequently provided for herein, shall be established and retained by the City and the City shall bear the costs of administration and staffing of the Joint Planning Commission and BZA as would normally be borne by a governmental appointing authority. The costs of administration referenced herein shall not include any costs borne by the City or County for notices of their respective governing body meetings or for publication of ordinances and resolutions. Such costs of administration shall also not be deemed to include any costs which would normally be borne by the applicants or otherwise imposed by zoning or subdivision regulations.

Section 4. Comprehensive Plan.

(a) The Comprehensive Plan dated September 1, 1998, as previously adopted by the Emporia-Lyon County Metropolitan Area Planning Commission and the City and County, is hereby ratified and confirmed and shall continue in existence as the same is in existence on the effective date of this Interlocal Agreement.

(b) All text amendments to the Comprehensive Plan, which would affect land within the Growth Area shall not take effect unless and until first approved by the City and then by resolution adopted by a majority vote of the Lyon County Board of County Commissioners. Amendments to the Comprehensive Plan or approval of a new Comprehensive Plan shall be conducted in accordance with state law, as currently set forth in K.S.A. 12-747 or as hereafter amended.

Section 5. Zoning Jurisdiction.

(a) The County hereby delegates to the City the County's zoning authority under state law over land within the "Growth Area" designated under this agreement. Such delegation shall be of all such zoning authority now held by the County over land within the "Growth Area" except where such authority is expressly retained by the County by the provisions of this agreement, and except as such delegation is conditioned, as follows:

(1) The Emporia-Lyon County Metropolitan Area Zoning Regulations (zoning regulations) now in existence on the effective date of this Interlocal Agreement shall continue in existence, but shall be administered and enforced in accordance with the provisions of this agreement.

(2) All text amendments to the zoning regulations or approval of new zoning regulations, which would affect land within the Growth Area shall not take effect unless and until a recommendation is made by the Joint Planning Commission and adopted by an ordinance of the City and approved by resolution adopted by majority vote of the Lyon County Board of County Commissioners.

(3) Rezonings commenced after the effective date of this agreement under the zoning regulations, of land within the Growth Area shall not take effect unless and until approved by Resolution adopted by majority vote of the Lyon County Board of County Commissioners, following recommendation of the Joint Planning Commission.

(4) The County shall defend and/or prosecute, at its cost, any actions in the Lyon County District Court, or any other court, pertaining to application of the zoning regulations within the Growth Area.

Section 6. Subdivision Jurisdiction.

(a) The County hereby delegates to the City its subdivision authority under state law, over land within the Growth Area designated under this agreement. Such delegation shall be of all such subdivision authority now held by the County over land within the Growth Area except where such authority is expressly retained by the County by the provisions of this agreement, and except as such delegation is conditioned, as follows:

(1) The Emporia-Lyon County Metropolitan Area Subdivision Regulations (subdivision regulations) in existence on the effective date of this Interlocal Cooperation Agreement shall continue in existence, and shall be administered and enforced in accordance with the provisions of this agreement.

(2) All text amendments to the subdivision regulations or new subdivision regulations, which would affect land within the Growth Area, shall not take effect unless and until a recommendation is made by the Joint Planning Commission and adopted by an ordinance of the City and approved by resolution adopted by majority vote of the Lyon County Board of County Commissioners.

(3) Final plats of subdivision commenced under the subdivision regulations of land within the Growth Area shall not take effect unless and until first approved, including acceptance of land dedicated for public use, by motion adopted by majority vote of the Lyon

County Board of County Commissioners.

(4) The County shall defend and/or prosecute, at its cost, any actions in the Lyon County District Court or any other court pertaining to application of the subdivision regulations within the Growth Area.

Section 7. Building Codes Jurisdiction.

(a) As authorized by K.S.A. 12-751(b), the City has adopted and enforces building codes within the designated Growth Area upon adoption by resolution of the County of the City's Building and Construction Regulations. Such Building and Construction Regulations, as are in existence on the effective date of this interlocal cooperation agreement shall continue in existence but shall be governed by the provisions of this agreement and shall be further subject to the following:

(1) No amendments to the City's Building and Construction Regulations shall take effect with respect to land within the Growth Area unless and until adopted by an ordinance of the City and by resolution adopted by majority vote of the Lyon County Board of County Commissioners.

(2) The County shall defend and/or prosecute any actions in the Lyon County District Court or any other court pertaining to application of the Building and Construction Regulations within the Growth Area.

Section 8. Duration and Effect.

(a) This agreement shall be perpetual in duration unless terminated in accordance with Section 9, and be in effect from the latter of the date the agreement has been filed with the Lyon County Register of Deeds or the date the agreement has been filed with the Secretary of State, pursuant to K.S.A. 12-2905. Such shall occur after approval of this agreement by the Attorney General.

Section 9. Termination and Repeal of Prior Agreements.

(a) At the end of the initial five years duration of this agreement, either the City or County may unilaterally terminate this agreement upon the City or County giving six months written notice to the other party of its intent to withdraw. Termination shall then be effective on January 1 following the six months notice.

(b) The City and County may mutually agree to terminate this agreement at any time.

(c) Upon termination of this agreement, for any reason, all land use regulatory authority of the County shall again apply to all unincorporated territory designated as the Growth Area.

(d) Any prior agreements between the City and County pertaining to cooperation in the exercise and performance of planning powers, duties and functions in the Growth Area, to the extent that such agreements would be in conflict herewith, are hereby repealed and terminated.

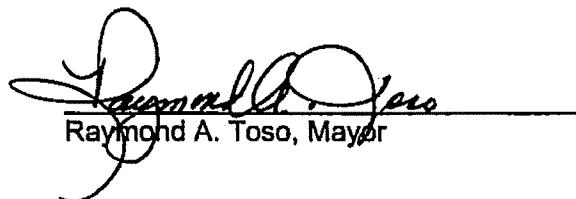

Section 10. Approval by the City of Emporia.

This interlocal agreement was approved by adoption of Ordinance No. 00-07 on January 19, 2000.

ATTEST:

Susan Mendoza
Susan Mendoza, City Clerk

Raymond A. Toso, Mayor

Section 11. Approval by Lyon County.

This interlocal agreement was approved by enactment of Resolution No. 11-00 on January 27, 2000.

Karen Hartenbower, County Clerk

Section 12. Approval by Attorney General.

This interlocal agreement was approved by the Attorney General of the State of Kansas on _____, 2000.

Attorney General Carla Stovall

Section 13. This interlocal agreement was filed with the Secretary of State on _____, 2000 and with the Lyon County Register of Deeds on _____, 2000.

INTERLOCAL AGREEMENT BETWEEN LYON COUNTY, KANSAS, AND THE CITY OF EMPORIA, KANSAS, PROVIDING FOR THE REGULATION OF THE USE AND DEVELOPMENT OF LAND WITHIN TERRITORY DESIGNATED AS THE URBAN GROWTH AREA OF THE CITY OF EMPORIA.

This Interlocal Agreement ("Agreement") is entered into this _____ day of _____, 2021, by and between Lyon County ("County") and the City of Emporia ("City").

WHEREAS, K.S.A. 12-2901 *et seq.*, the Interlocal Cooperation Act, and K.S.A. 12-744(c) provide legal authority for cities and counties to cooperate in the exercise of their powers in a manner that will best serve the public interest; and

WHEREAS, K.S.A. 12-2901 *et seq.*, the Interlocal Cooperation Act, authorizes cities and counties to enter into interlocal agreements for joint or cooperative action pursuant to the provisions of the Interlocal Cooperation Act; and

WHEREAS, K.S.A. 12-741 recognizes the authority of cities and counties to use Home Rule powers to pass nonconflicting laws relating to planning and zoning (K.S.A. 19-101a *et seq.* and Kansas Constitution, Art. 12, Sec. 5); and

WHEREAS, Lyon County and the City of Emporia desire to enter into an interlocal agreement for the regulation of the use and development of land outside the city limits of the City of Emporia;

NOW THEREFORE, it is hereby agreed by and between the parties hereto, as follows:

Section 1. Purpose and Scope

- a. The purpose of this Agreement is to provide for the delegation of certain land use regulatory authority, from the County to the City, over territory designated as the "Urban Growth Area," subject to the conditions set out in this Agreement.

- b. This Agreement shall not be interpreted as affecting the zoning or subdivision enforcement powers of the City or County other than within said Urban Growth Area. All existing powers of the County over unincorporated territory outside the designated Urban Growth Area, and all existing powers of the County over territory within the designated Urban Growth Area other than those relating to zoning and subdivision, as provided for in this Agreement, are expressly reserved to the County.
- c. This Agreement shall not be interpreted as granting to the City any greater authority than that held by the County for the regulation of the land and structures actually used for agricultural purposes.
- d. Administration of this Agreement shall be the responsibility of the Mayor of the City of Emporia and the Chair of the Lyon County Board of County Commissioners.

Section 2. Urban Growth Area Boundary; Adjustments

- a. The City and County hereby designate certain territory outside the City's corporate limits but within Lyon County, as the Urban Growth Area. Land use and development in the Area is found to primarily affect the City, including City resources, due to its close proximity to the City limits. Therefore it is in the public interest for certain land use regulatory authority over the Area to be held by the City. The Area is designated on a map that is incorporated by reference within this Agreement as "Attachment A."
- b. Adjustments to the boundaries of the Area shall be made by passage of a joint resolution and ordinance. Such adjustments shall neither be interpreted as amendments to this Agreement nor as amendments to the City or County zoning or subdivision regulations.

Section 3. Zoning Authority Jurisdiction; Urban Growth Area

- a. The County hereby delegates to the City its zoning authority under state law, over land designated as the Urban Growth Area. Such delegation of authority shall take effect

upon: i) the effective date of any necessary amendments to the City's and County's zoning regulations which are required under this Agreement, and ii) the City's appointment of two members to its Planning Commission who reside outside of, but within three miles of, the City's corporate limits. Land within the Urban Growth Area shall continue its current zoning classification, unless and until such land is rezoned in accordance with the applicable law.

- b. Delegation of the zoning authority now held by the County to the City over land within the Urban Growth Area is made with the following conditions.
 1. The City shall comply with all statutory procedures for amending its zoning regulations and map to extend its zoning authority over land within the Urban Growth Area.
 2. The County shall comply with all statutory procedures for amending its zoning regulations and map to recognize zoning authority over land within the Urban Growth Area.

Section 4. Zoning Authority Jurisdiction; Beyond the Urban Growth Area

- a. The County shall retain all its existing zoning authority over land beyond the Urban Growth Area under this Agreement; subject to the conditions set out herein.
- b. The County agrees to provide notice to the City of proposed text amendments to the County's zoning regulations affecting any parcel(s) then outside the Urban Growth Area boundary but within one (1) mile of such boundary. Such notice shall be given to the City of Emporia Planning, Zoning, and Floodplain Manager prior to the applicable public hearing before the County Planning Commission.
- c. The County agrees to provide notice to the City of applications, and staff reports to the County Planning Commission, for rezoning and special or conditional use permits

affecting land beyond the Urban Growth Area boundary but within one (1) mile of such boundary. Such notice shall be given to the City of Emporia Planning, Zoning, and Floodplain Manager prior to the applicable public hearing before the County Planning Commission.

Section 5. Subdivision Authority Jurisdiction; Urban Growth Area

- a. The County hereby delegates to the City its subdivision authority over land within the Urban Growth Area designated under this Agreement. Such delegation of authority shall take effect upon the effective date of any necessary amendments to the City's and County's subdivision regulations which are required under this Agreement. Until such delegation takes effect land within the Urban Growth Area shall continue to be subject to the Emporia-Lyon County Metropolitan Area Subdivision Regulations.
- b. Delegation of all subdivision authority now held by the County over land within the Urban Growth Area is made, except where the County expressly retains such authority by the provisions of this Agreement, and except where such delegation is conditioned, as follows:
 1. The City shall comply with all statutory procedures for amending its subdivision regulations to extend its subdivision jurisdiction within the Urban Growth Area.
 2. The County shall comply with all statutory procedures for amending its subdivision regulations to remove its subdivision authority over land within the Urban Growth Area.
- c. Streets, rights-of-way, and other dedications to the public set forth in plats shall be subject to acceptance by the County Commission.

Section 6. Subdivision Authority Jurisdiction; Beyond the Urban Growth Area

- a. The County shall retain all its existing subdivision authority over land beyond the Urban Growth Area designated under this Agreement, subject to the conditions set out in this section.
- b. The County shall provide notice to the City of proposed text amendments to the County's subdivision regulations of any parcel(s) then outside beyond the Urban Growth Area but within one (1) mile of such boundary. Such notice shall be submitted to the City of Emporia Planning, Zoning, and Floodplain Manager prior to the applicable public hearing before the County Planning Commission.
- c. The County shall provide notice to the City of applications, and staff reports to the County Planning Commission, for preliminary and final plats affecting land beyond the Urban Growth Area but within one (1) mile of such boundary. Such notice shall be submitted to the City of Emporia Planning, Zoning, and Floodplain Manager prior to the applicable public hearing before the County Planning Commission.

Section 7. Building Codes Jurisdiction

As authorized by K.S.A. 12-751, the City has adopted and enforces building codes within the Urban Growth Area. Such building and construction regulations as are in existence on the effective date of this Agreement shall continue in existence.

Section 8. Duration and Effect

This Agreement shall be perpetual in duration, unless terminated in accordance with Section 10, and shall be in effect from the latter of the date the Agreement has been filed with the Lyon County Register of Deeds or filed with the Secretary of State pursuant to K.S.A. 12-2905. Such filings shall occur after approval of this Agreement by the Attorney General.

Section 9. Termination

- a. At the end of the initial five (5) year duration of this Agreement, either the City or County may unilaterally terminate this Agreement upon giving six months' written notice to the other party of its intent to withdraw, with such termination becoming effective following the running of the six months' notice and upon the action of the Governing Body of the terminating entity. Termination shall then be effective on January 1 following the six months' notice.
- b. The City and the County may mutually agree to terminate this Agreement at any time.
- c. Upon termination of this Agreement all land use regulatory authority of the County shall again apply to all unincorporated territory designated as the Urban Growth Area and Beyond the Urban Growth Area.

Section 10. Amendment

This Agreement may be amended by majority vote of the City Governing Body and County Commission, following procedures set out in the Interlocal Cooperation Act, K.S.A. 12-2901 et seq.

Section 11. Approval by the City of Emporia

Agreement approved by adoption of Ordinance No. _____ on the _____ day of _____, 2021.

Mayor, City of Emporia, Kansas

City Clerk, City of Emporia, Kansas

Section 12. Approval by Lyon County Board of County Commissioners

Agreement approved by enactment of Resolution No._____ on the _____ day of _____, 2021.

Chair, Lyon County Board of County
Commissioners

County Clerk, Lyon County, Kansas

Section 13. Approval of Attorney General

Agreement approved by the Attorney General of the State of Kansas on the _____ day of
_____, 2021.

Derek Schmidt, Attorney General

By: _____

Section 14. Filing

Agreement filed with the Secretary of State of the State of Kansas on the _____ day of
_____, 2021.

Scott Schwab, Secretary of State

Agreement filed with the Lyon County Register of Deeds, on this _____ day of _____, 2021.

Lyon County Register of Deeds

12-5231. Interlocal cooperation; limitations. (a) One or more cities or one or more counties or cities and counties may join together or cooperate with one another in the exercise, either jointly or otherwise, of any one or more of the powers conferred upon cities and counties under this act. Such joint or cooperative action shall be taken only in accordance with and pursuant to a written agreement entered into between or among such cooperating cities or counties in such form approved by the governing bodies thereof.

(b) In no event, however, shall any county or counties engage in any act or exercise any of the authority or powers conferred by this act within, or with respect to any property located within, the corporate boundaries of any city in the absence of an agreement with such city.

History: L. 1982, ch. 60, § 13; L. 1983, ch. 71, § 6; May 5.

PAYMENT IN LIEU OF TAXES AGREEMENT

This Payment in Lieu of Taxes ("PILOT") Agreement (the "Agreement") is made as of the 11th day of October, 2018, by and between Reading Wind Energy, LLC, a Delaware limited liability company ("READING"), and the Board of County Commissioners of Lyon County, Kansas ("County") who herein are sometimes collectively, READING and County are sometimes referred to as the "Parties."

RECITALS:

- A. The County, pursuant to K.S.A. § 19-101 *et seq.*, (the "Home Rule Authority") and such other relevant statutory provisions, has the authority to promote the general and economic welfare of the County, to encourage private development in order to enhance the local tax base and the creation of employment opportunities, and the same being a legitimate public purpose of benefit to the county, the County proposes to enter into contractual agreements to achieve those purposes.
- B. READING is in the process of developing an approximately 200-megawatt wind powered electric energy generating facility (the "Project"), with approximately 170 megawatts to be located in the County. That part of the Project located in the County is proposed to consist of wind turbine generators on tubular towers along with an electrical interconnection substation; light duty access roads, underground electrical collector lines and communication lines; operations and maintenance facility; and other associated components. The Project is expected to be constructed and in full commercial operation prior to January 1, 2020.
- C. Notwithstanding that K.S.A. § 79-201 exempts wind energy and other renewable resource facilities from *ad valorem* taxation, READING agrees to voluntarily make PILOT payments to the County, for the purpose of promoting economic development in Lyon County and such funds shall be paid into the County General Fund or other special fund that may be designated by the Board of County Commissioners by separate Resolution and distributed according to K.S.A. § 12- 148(1). Upon receipt of such funds, the Lyon County Treasurer is directed to act accordingly under K.S.A. § 12-148 (1) and deposit such funds in the designated fund.
- D. The County is willing to accept such payments subject to the terms of this Agreement.
- E. For planning and budgetary purposes, the Parties desire to document the level of financial support READING is committed to provide to the County and the terms and conditions upon which payments will be made.

AGREEMENT:

1. Each of the Parties has the authority to enter into this Agreement.
2. Subject to the terms and conditions of this Agreement, beginning December 2020, and for each successive year thereafter, READING shall make a payment to the County in the amounts set forth below:
 - a. \$1,535 per MW capacity of wind turbines installed in Lyon County escalating at 1.0% during the thirty (30) years in which the Project operates commercially as defined in the power purchase agreement for the project due and payable on or before December 31 of such full calendar years.

3. In the event K.S.A. §79-201 is repealed or amended in a manner that results in an obligation of READING to make ad valorem property tax payments to the County in a particular calendar year, the PILOT payments required hereunder in such calendar year shall be reduced by an amount equal to the amount of ad valorem property tax payments so made or to be made by READING to the County with respect to such calendar year.
4. This Agreement is freely assignable in whole or in part by either Party without requiring the consent of the other Party and shall benefit and bind the Parties' respective successors and assigns. Upon Reading's (and any of its successors or assigns) assignment in whole of this Agreement, the assigning party will remain liable for all payments and obligations due to the County prior to the date of the assignment but not liable for any payments or obligations due to the County on or after the assignment date, and the assuming party will be liable only for any payments or obligations due to the County on and after the assignment date. Reading (and any of its successors or assigns) will provide the County with written notice of assignment of this Agreement within thirty (30) days of such assignment, which notice shall at a minimum include the name and address of the assignee.
5. Reading shall have the right to terminate this Agreement prior to the term set forth in ¶ 3 if the Project ceases to operate commercially which shall mean ceasing all operations at the Project and not generating. In the event of early termination, no further payment amounts shall be owed. Except for this right to early termination of this Agreement by Reading, this Agreement shall be effective until the final payment due hereunder is paid.,
6. This Agreement shall be governed by and interpreted according to the laws of the State of Kansas, without regard to principles of conflicts of law.
7. In the event of any dispute arising under this Agreement or claim of any breach or default under this Agreement, one Party will first send the other Party written notice of the claim or dispute. Within fifteen (15) business days following the receipt of a written notice from either Party identifying such dispute or claim, the Parties shall meet, negotiate and attempt, in good faith, to resolve the dispute or claim quickly, informally and inexpensively. If the Parties are unable to resolve a dispute or claim arising hereunder within thirty (30) days of initiating such discussions, or within forty (40) days after notice of the dispute, either Party may seek any and all remedies available to it at law or in equity.
8. If any legal action is brought for the enforcement of this Agreement or because of an alleged dispute, default, misrepresentation, or breach in connection with any of the provisions of this Agreement, each Party shall be responsible for its own attorneys' fees and costs.
9. All notices permitted or required under this Agreement will be in writing and delivered to each Party at its below address, or such other address as a Party may designate from time to time. Each notice will be deemed delivered upon receipt if hand delivered; one day after sent via a nationally-recognized overnight delivery or courier service, and three days after sent via United States Postal Service certified mail return receipt requested.

10. If any term or condition of this Agreement is declared invalid or unenforceable by a court of competent jurisdiction, the remaining provisions and conditions will not be affected to the full extent permitted by law, except that as to any such provision or condition declared invalid or unenforceable, the Parties agree to negotiate in good faith a comparable substitute provision.
11. This Agreement may only be modified or amended in a written document signed by both Parties, and may not be modified or amended orally, or via actions, practice or course of conduct.
12. This Agreement constitutes the entire agreement between the Parties, and supersedes any and all prior agreements, understandings and negotiations between the Parties, whether oral or written, with respect to the matters covered by this Agreement.

In Witness Whereof, the parties have cause this agreement to be executed on the day and year above written.

1.0 Statement of Intent

Reading Wind Energy, LLC is filing this Plan of Development in support of its Conditional Use Permit to develop, construct, own and operate the proposed Reading Wind Energy Project (Reading) 200 MW wind energy facility in Lyon and Osage counties. Sections included in the project area are shown in Table 1 and the attached project map.

The project is anticipated to be approximately 200 MW in size. Although the turbine model to be used has not been finalized at this time, Reading intends to install up to one-hundred (100) turbines. The ultimate choice of turbine model will be determined at a later date depending on market conditions and manufacturing capacity available. Construction of the project is targeted to begin in 2018 and complete in late 2018 or mid-2019, although, construction could start as late as early 2022.

Reading respectfully requests the following from Lyon County Board of Planning and the Lyon County Commissioners:

- 1) Approval of the CUP
- 2) Approval of requests for exception to select Lyon County Section 808 Regulations

2.0 Project Summary

The Reading Wind Energy Project is a 200MW wind generation project located on approximately 16,723 leased acres in Lyon and Osage Counties, KS, approximately 10 miles northeast of Emporia, KS. We anticipate that project contract negotiations will commence in early 2017 and that full project operation could be as early as December 2018. Initial project investment is estimated at \$300 Million dollars with average distributions to land owners in Lyon County estimated at \$1,122,000 per year over the projects 25 year life.

The final location of facilities and design of the Project are not known at the time of this application but will be based on meteorological results, setbacks requirements, consultation with participating landowners, engineering and construction constraints, Federal Aviation Administration reviews, and avoidance of environmental resources where feasible. The current project boundaries are shown in the attached project map. Reading has given a general description of the Project in this Development Plan and will provide the final Project layout to Lyon County at a later date that is agreeable to Lyon County and fit within the design timelines of the Project. The total project will be comprised of between 58 and 100 wind turbines. These turbines will be arranged in strings and connected by light duty access roads, buried electrical collector lines, and buried fiberoptic communication cables. Other components of the project include an electrical collection substation and an operations and maintenance building. Temporary structures during construction include a laydown yard for project components and a mobile concrete batch plant facility.

This project is expected to have a permanent project footprint of approximately 290 acres. Turbines will be located to maximize safety, minimize environmental impact, and maximize wind productivity. The Reading Wind Project will safely and cleanly produce approximately 718,000 MWh of energy each year. This production is sufficient to power roughly 80,000 mid-west homes.

3.0 Company Overview

The Reading Wind Project is being developed by Renewable Energy Systems Americas Inc. (RES Americas). RES Americas is one of the top renewable energy development, construction, and operations companies in North America. Our parent company, RES Ltd., is headquartered in the U.K. and was founded in 1982.

RES Americas has been active in North America since 1997, and has a renewable energy construction portfolio that exceeds 8,000 MW and over 65 projects, as well as 534 miles of overhead and transmission lines. In addition, RES Americas currently operates more than 500 MW of renewable energy projects in Texas and Colorado.

RES Americas developed and constructed our first project, the 60 MW Cameron Ridge wind farm in Tehachapi, California in 1999. In 2001, we co-developed and constructed the 278 MW King Mountain Wind Ranch in Texas, the largest wind project in the world at the time. In 2006, RES Americas financed and completed construction of our first ownership asset in the U.S., the 60 MW Whirlwind Energy Center in Texas. In 2008, we completed our second owned project in Texas, the 166 MW Hackberry Wind Farm.

RES Americas is headquartered in Broomfield, CO and has regional offices in Minnesota and Texas. Our affiliate, RES Canada, was founded in 2003 and is based in Montreal, Quebec with a construction office in Ontario. RES Canada focuses on developing and constructing wind, solar, and transmission projects.

4.0 Development Description

The proposed project is located in Lyon and Osage counties approximately 10 miles northeast of Emporia, KS and consists of approximately 16,723 leased acres. A general land description is shown in the table below.

Table 1. Sections in Project Area in Lyon County

Township	Range	Section(s)
17S	12E	21, 27-25, 33-36
17S	13E	31-33
18S	12E	1, 3, 4, 9-13, 24, 26, 36
18S	13E	5, 6, 7-10, 15, 16, 18, 19, 22, 27, 30, 31-34
19S	13E	3

The primary use of the project area is hay cultivation, livestock grazing, and small amounts of tilled agricultural land.

4.1 Project Layout Design

The Project will consist of wind turbines, access roads, an underground electrical collection and communication system, a project substation, an overhead transmission line to connect the project substation to the interconnection substation, one or more meteorological towers, and an operations and maintenance building.

Proposed project layout and infrastructure will be designed to have minimal impact on existing residences, tilled agriculture, pastures and associated land uses in the project area. The Project developers will meet with each participating landowner to discuss concerns about the locations of proposed infrastructure and the final site layout will reflect concerns where possible.

Prior to conducting any construction activities a Storm Water Pollution Prevention Plan (SWPPP) will be developed to address erosion and sediment control in accordance with the Kansas Water Pollution Control General Permit program. All project construction will follow the site-specific soil erosion and sediment control measures described in the SWPPP.

4.2 Wind Turbine Selection

The final turbine layout will be designed to optimize meteorological conditions, environmental constraints, construction costs, existing land uses, landowner concerns and accessibility. Wind turbine selection for the project has not yet been made, but a range of potential machines are included in Table 2. Table 2 represents a sample of common machines but, based on project development condition, a turbine not listed on the table may be used. The total number of turbines will range from 58 to 100, depending on the generating capacity of each turbine.

In general larger turbines generate more energy and will result in a smaller total number of turbines. The hub heights range from 80 meters (262 feet) to 91 meters (299 feet) and the rotor diameter range from 97 meters (318 feet) to 126 meters (413 feet).

Turbines will not be of a lattice tower design.

Table 2. Potential Wind Turbine Models.

Manufacturer	Model	Nameplate Capacity (MW)	Max Units at Reading	Hub Height (m/ft)	Rotor Diameter (m/ft)	Tip Height (m/ft)
Siemens	SWT-2.3-101	3	66	80/262	101/331	131/428

Nordex	N117/3000	3	66	91/299	117/384	150/490

4.3 Associated Infrastructure

In addition to the wind turbines, other infrastructure is required to allow for daily operation and maintenance of the wind project.

4.3.1 Facility Roads and Crane Pads

In order to access the turbine locations, new or improved entrances from existing county roads will be constructed. Impacts to existing county roads due to the transportation of components and equipment, construction activities, or operation and maintenance of the wind project will be minimized. The Project will enter into a road maintenance agreement with Lyon County to ensure the development and operation of Reading does not result in any long-term negative impacts to county roads. This agreement generally involves a video survey of the roads planned for use prior to start of construction by a third party engineering firm and an agreement to repair roads to at least the condition they were in prior to construction once construction is complete.

A network of proposed roads, designed to have a minimal impact on existing land use by upgrading existing roads and/or keeping near fence lines when possible, will be constructed to access turbine locations. Roads will be rough graded and will consist of gravel on compacted native material. Roads will be constructed at-grade with an effort to minimize grading activities. Grading design will include stormwater design to convey rainfall off the roadways and maintain existing drainage patterns by use of sheet flow, drainage swales, and culverts. Crossings of significant washes in flatter terrain may use low water crossings lined with cobbles or other suitable material to convey storm event flows over the road with minimal damage; all crossings will be designed to remain within the amount of fill that is allowed by a Nationwide Permit with USACE. Upon completion of construction, roads will be left in place to provide access of Operation & Maintenance (O&M) purposes. After construction, these roads will be graded where low spots and ruts have occurred and culverts will be left in place.

At each turbine location, a gravel crane pad will be constructed. Adjacent areas will be cleared and compacted to provide tower component laydown within reach of the main crane. After construction, laydown areas are decompacted and restored. The crane pad and a gravel grounding ring around the foundation will remain.

During the Operation Phase, roads will be inspected periodically. Grading and placement of gravel may be required to maintain road quality based on results of inspection.

4.3.2 Wind Turbine Generator Foundations

The wind turbine foundation designs will be based on the load information provided by the wind turbine manufacturer and the load bearing soil characteristics that are measured by a geotechnical test at the location of the wind turbines. The typical foundation for this wind turbine is a reinforced concrete spread foundation directly resting on the soil at a depth of approximately 7-10 feet below ground. The foundation is generally round or octagonal in shape having dimensions ranging from 50 feet to 65 feet wide with a concrete pedestal on the top of the mat extending to the ground level. If the selected turbine includes a pad mount transformer at the turbine, a separate pedestal is extended ground level. The majority of the foundation is below grade with only the turbine and transformer (if required) pedestals visible. The top-of-concrete elevation for the pedestals is typically 6 inches above grade.

4.3.3 Underground Electrical Collection and Communication Systems

A 34.5 kilovolt (kV) electrical collection system will be installed to bring energy from each of the turbines to a central project substation (located in Gray County). To the extent feasible, all collection system cables will be installed underground. Trenches for collection system cables are typically 3 foot wide by 4 foot deep.

The wind turbines will be operated by means of a Supervisory Control and Data Acquisition (SCADA) system located in the control panel inside the tower of each wind turbine. Each turbine is connected via fiber optic cable to a centralized computer located in the project's operations and maintenance building. Data can be accessed and the wind turbines can be controlled on-site or remotely. The fiber optic communications cable will be co-located with the electrical collection system or the overhead transmission line to reduce environmental impacts.

4.3.4 Electrical Substation and Transmission

At the project substation (located in Lyon County), the voltage of the electricity from the wind turbines will be stepped up from 34.5 kV to 345 kV. A 345 kV overhead transmission line approximately 8 miles in length (located in Lyon County) will be built from the project substation to deliver the project's energy to the electric transmission grid. The point of interconnection will be the existing Emporia Energy Center substation (Section 34, Township 18 South, Range 12 East). The overhead transmission line route will follow property boundaries, section lines, and existing rights-of-way to the greatest extent possible.

4.3.5 Operations & Maintenance Building

There will be a small Operations and Maintenance (O&M) building. This building will contain offices and will house the control system for the wind turbines, spare parts, consumables, and tools. It will also contain parking for maintenance trucks. The O&M building is anticipated to be an approximately 3,700-4,000 square foot pre-fabricated metal building. Potable water supplies will be used in the building and sewage disposal will be by means of an on-site septic system. Telecommunication lines and the SCADA system will also be connected to the building.

4.3.6 Permanent Meteorological Masts

A limited number of meteorological stations will be installed to ensure optimal performance of the wind turbines. The stations will constantly measure the flow of wind (including wind-speed and direction) across the site. The data from the meteorological stations will be used to forecast the energy anticipated from the project (based on the prevailing wind-speeds). The meteorological stations will be a lattice steel tower of up to 80 meters tall with guy wires and associated foundations.

4.5 Land Use

Once construction is complete, approximately 340 acres of the 16,723 acre project site will be used for wind project activities. This estimate includes the turbines, access roads, turbine foundations, O&M building, substation, and transmission line. Because of the minimal surface footprint of a wind project, ranching and agricultural activities on any of the Project Properties can continue within a reasonable distance to the base of each turbine tower. Land that is disturbed during construction of the project will be substantially returned to its original state by ripping compacted soil, returning native topsoil, and/or re-seeding. As a result, Reading is expected to be compatible with the continued present use of the land involved.

5.0 Community Support and Local Benefits

5.1 Community Support and Outreach

RES Americas will involve the local community in this project by hosting or participating in meetings and maintaining an open line of communication with a wide range of stakeholders. Throughout the project, RES Americas will seek input from area landowners and residents, elected or appointed officials, local special interest groups, utility companies, state and federal regulatory agency representatives, and project investors.

RES Americas is committed to creating and maintaining lasting relationships with the community. We will strive to create mutually beneficial opportunities in the community.

5.2 Economic Benefits

The economic benefits expected from the proposed Reading Wind Project include:

- Efforts will be made to hire locally for various positions during the construction phase of the project subject to appropriate experience, qualification, availability, etc. RES Americas will use regional engineering firms and contractors to the greatest extent possible.
- \$1,122,000 average yearly payment to landowers over the life of the project.
- RES Americas will contract with local material vendors whenever possible during construction. Materials often contracted for locally include gravel, water, tools, marking and flagging equipment, replacement parts, etc.
- Increased use of local hotels, rental properties, restaurants, gas stations, entertainment, etc. by the estimated 130 person construction workforce.
- Participation in county PILOT agreement if project is able to qualify for state tax abatement provisions.

5.3 Educational Benefits

The educational benefits expected from the proposed Reading Wind Project include:

- Opportunity for area schools to use the project site as a field trip outing to learn about wind energy
- Knowledgeable personnel on hand to speak at civic functions about the Reading Wind Project and educate the general public about wind energy
- Educational training provided to local firemen and EMS personnel regarding elevated emergencies

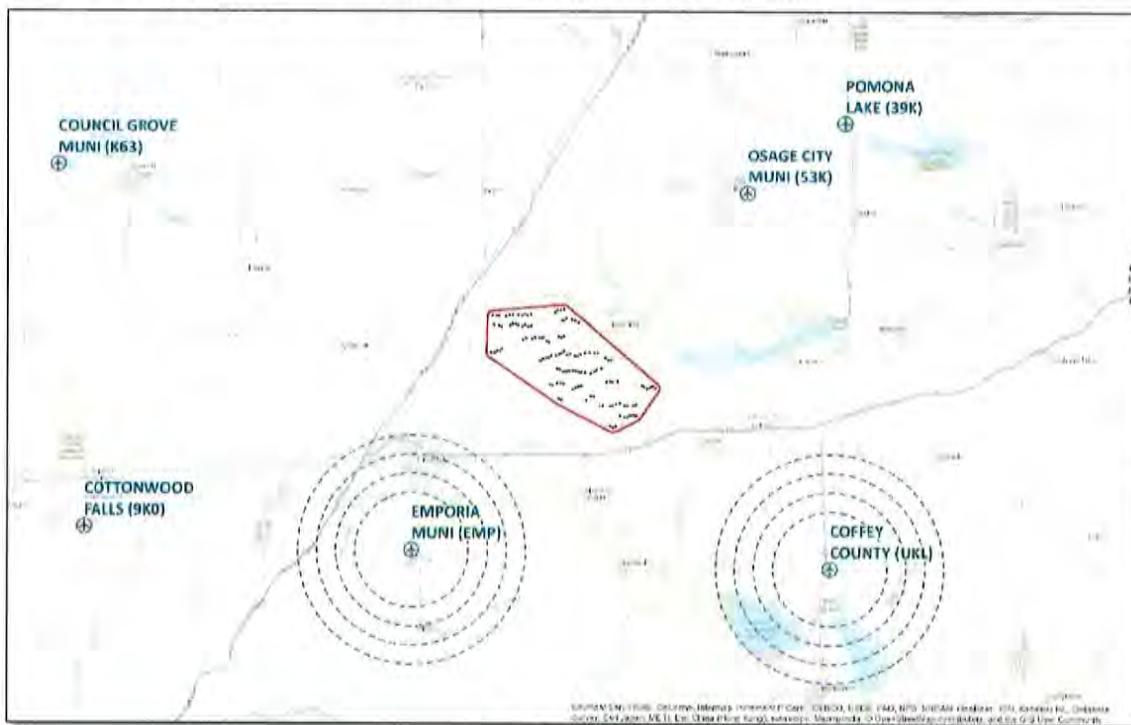

6.0 Regulatory and Environmental Compliance

6.1 Aviation Safety

There are no airports located within the Reading project boundary. Six airports are located within 25 miles of the project area.

Preliminary turbine coordinates were submitted to the Federal Aviation Administration (FAA) for review and the FAA issued Determinations of No Hazard to Air Navigation for each of the proposed locations.

Specific lighting requirements will be determined by the FAA once the project layout has been finalized and the project will comply with these lighting requirements.

6.2 Cultural and Archaeological Resources

Cultural resources of concern consist of historical or archaeological sites that are listed on, or are eligible for listing on the National Register of Historic Places. A literature review will be conducted through the Kansas Historical Society Archaeological Inventory, which is a geospatial database and contains relatively recent data compiled from archaeological site records, prior to construction disturbances. The file search focuses on the project area boundaries and includes a one-mile buffer to add further context and understanding. The purpose of the literature review is to understand the nature of the cultural resources that may be found in the area.

Following the literature review and finalization of the siting plan for turbine infrastructure, a field team of cultural anthropologists will survey the sites of expected construction on the site. Any finds of cultural significance will be submitted to the Kansas Historical society, and depending on the specifics of the artifacts identified and the recommendation of the consulting anthropologists, infrastructure plans will be revised if needed.

6.3 Water Resources

The Project is situated along a divide between the Neosho Headwaters and the Upper Marais Des Cygnes Watersheds. The Project includes the upper tributaries of Badger, Mud, Duck, Standifred, Plum, Coal, and Puleston Creeks, as well as other unnamed streams. Streams in the Project and Evaluation areas were running extremely muddy during the site characterization visit in June, 2009. It is unknown to what degree the turbidity of the streams varies by season or weather event. The KARS wetlands appear to be mostly small ponds within or adjacent to creek channels although limited marsh land can also be found. Lyon Lake, a 140-acre fishing lake, is found in the northwest portion of the Project. These water sources may provide important habitat for local and migrating wildlife. Although wetlands and other waterbodies occur in the region, they occupy a small percentage of the Project and are restricted to localized corridors.

The Project is dominated by rangelands for grazing cattle with small amounts of cultivated croplands scattered throughout. Deciduous trees are present in association with human development and along drainages in the Project, with most coniferous trees confined to wind breaks around farmsteads.

While potentially jurisdictional wetlands and waters may be present, upland agricultural areas should not generally pose constraints from jurisdictional wetlands and waters. Applying for CWA permit may be avoided through siting efforts aimed at avoiding jurisdictional features. Should impacts to jurisdictional waters be unavoidable, consultation with the regulatory agencies to obtain necessary permits will be required prior to construction. For wind energy projects, unavoidable impacts to waters of the U.S. are most often associated with the construction of access roads.

6.4 Natural Resources

The project area has been reviewed for ecological sensitivity, including consultation with the United States Department of Interior, Fish & Wildlife Services (USFWS) and the Kansas Department of Wildlife and Parks (KDWP). During surveys that have occurred over several years, three sensitive species were observed, including one federal species of concern (loggerhead shrike), which was observed during fixed-point surveys. Additionally, a state-listed species in need of concern, Henslow's sparrow was recorded incidentally at the Reading Wind Resource Area. Bald eagles were also observed, during both fixed-point surveys and incidentally. The bald eagle is legally protected under the BGEPA (1940), while the others are further protected under the MBTA (1918). Large avian use surveys are ongoing at this time.

Native grasslands in the project area are considered crucial wildlife habitat by KDWP. Grasslands within the project area have been assessed and results of baseline surveys indicate that the Reading Wind Resource Area is utilized by greater prairie-chickens during the breeding and wintering seasons; both KDWP and USFWS have indicated that they will request mitigation for any development within native grasslands for the project. Mitigation is voluntary because the species is not federally or state listed.

Lyon State Fishing Lake, Melvern Lake Wildlife Area, and Melvern Lake are state managed wildlife areas that exist within or near the Project and/or Evaluation Area. In general, landcover and topography in the project and evaluation areas is not unique within the region and is not expected to attract or concentrate bird or bat species in greater abundance than surrounding areas. Riparian woodlands, tree-rows planted near human developments, and abandoned buildings may provide nesting and roosting sites for raptors and roosting habitat for bats. Raptors, especially red-tailed hawks, use the project area. Deciduous woodlands and windbreaks scattered throughout the project area, as well as transmission line poles, provide some nesting habitat for these species.

Trees and abandoned buildings in the area provide potential roosting habitat for bats. No caves

are known in the area. Research to date on the impacts of wind power projects on bats has shown that species that conduct long distance migrations usually make up the vast majority of bat fatalities at wind power projects. Additionally, the timing of bat fatalities at wind power projects indicates that most bats are killed by turbines during the migration season. Bat use within the Reading Wind Resource Area was within the range of bat use estimates reported for other Midwestern facilities, where reported bat fatality rates have shown a large degree of variation. Assuming a relationship between bat activity and bat fatalities, bat mortality rates at the Reading Wind Resource Area would be expected to be within the range of fatality rates recorded at Midwestern facilities.

The fauna most sensitive to the construction of a wind project tend to be avian species. Although some species of birds will live on the site and others may migrate through it, the site does not contain areas where large concentrations of birds would congregate. To further minimize the risk of impacts to avian species, the placement of facilities within native grasslands, playa lakes, or undisturbed habitats will be avoided to the greatest extent possible. It is expected that any flora unique habitat located within the project site can be accommodated with modifications to the project design, since the project utilizes minimal land area.

6.5 Waste Disposal

No substantial volume of industrial waste, beyond small amounts of fluids and lubricants that are contained within wind turbine machinery and periodically changed, will be produced by the Project. To offset leakage risks, the Project will employ fluid containment systems. A secure reservoir in the O&M facility will be used to store used fluids and lubricants until transfer to an authorized disposal or recycling facility is made.

The Project will comply with all applicable Federal and State EPA, OSHA, and Department of Health rules and regulations for the storage, use and disposal of all toxic or hazardous materials associated with construction and operation of the facility.

6.6 Air Quality

The project will be a zero emissions facility. Impacts to air quality during construction will include exhaust emissions from construction equipment and dust from ground disturbances (earth moving, grading, etc.) and vehicle traffic on non-paved surfaces. Regular watering will be employed during construction to minimize dust from vehicle traffic and all appropriate permitting for concrete batch plants or required crushers will be secured.

6.7 Aesthetics

Project Turbines will be painted a single neutral color (white or gray) to minimize the visual impacts of the project on the landscape. Logos or advertisements will not be placed on turbines without advance approval by the Board of County Commissioners.

6.8 Communication

The Project construction and operation will follow all Federal Communications Commission (FCC) regulations. FCC licensed point-to-point microwave and/or leased telephone system facilities will be evaluated as project siting plans near finalization. The final Project layout will be designed to avoid interruption of these communication links.

6.9 Emergency Response

Each wind turbine will be assigned a 911 address to facilitate emergency responses. Turbine identification numbers will be visible at normal sight level. The project will coordinate with local fire and medical rescue authorities to certify that they qualified to respond in case of an

emergency or to aide or implement a rescue from a wind turbine or meteorological tower. The Project will provide training and equipment to local authorities to establish and maintain skills at no cost to the local authorities. Any emergency fire/rescue action performed by local rescue authorities will be chargeable to the project to eliminate any cost burden associated with those kinds of events.

6.10 Traffic Control Plan

There will be a temporary increase in truck traffic during construction activities. The maximum construction workforce is expected to generate approximately 500 additional vehicle trips per day on roads where construction is active within the proposed Project Area. Approximately 30 concrete trucks will be required to pour the foundation for each turbine. This is typically completed within two days. While there may be some noticeable increase in heavy vehicle traffic in discrete locations for limited amounts of time, for the Project Area as a whole, impacts to the capacity of route and level-of-service to the traveling public will be negligible as any combination of state and county highways and other township roads throughout the Project Area will be used. Operating permits will be acquired from the state and county as necessary.

Safety is the primary value at RES Americas and part of every construction project is a thorough engagement with local Public Works departments and a deep assessment of points of entry onto existing roadways and risks. Prior to start of construction a traffic control plan will be submitted to the local Public Works department for comment and advice.

6.11 Phase I Assessment

As Phase I assessments are only valid for 90 days, this assessment will be performed shortly prior to construction. Any identified environmental hazards will be avoided entirely or mitigated in coordination with state and local agencies.

6.12 Computer Generated Visual Simulation

No computer-generated visual depictions of the project infrastructure have been created to date. If desired, please communicate the locations from which a visual simulation are requested.

6.13 Lyon County Permits and Agreements

The Project will obtain additional permits and agreements through Lyon County, as required. These will be obtained prior to commencement of construction and will include some or all of the following:

- Road Use & Maintenance Agreement
- PILOT Agreement (for the benefit of the County & local school district) if state tax abatements are applicable to the project
- Special Events Permit (for laydown yard, cement plants, etc.)
- Moving Permit (for overweight and over-width loads)
- Building Permits (for turbines/O&M Building/etc. as needed)

7.0 Decommissioning

Arrangements for decommissioning of the project are included in the individual easement agreements with each landowner. Decommissioning includes:

- Removal of Wind Turbines (Blades, Towers & Nacelles)
- Removal of Access Roads
- Removal of Underground Cabling
- Removal of Associated Infrastructure
- Reseeding at the Appropriate Time of Year

If requested by landowners, the Project will leave access roads in place, in their current condition at the time of decommissioning.

Infrastructure will be removed to a depth of 48 inches below grade and the land will be returned to the same grade that existed before Project construction. Top soil will be replaced with comparable soil (quality and depth) that existed before Project construction.

In order to assure that decommissioning takes place, a bond to secure the financial ability of the project to pay for decommissioning will be put in place during the 15th operating year of the wind project.

8.0 Design Setback Exception Requests

Setback Object	Current County Setback Requirement	RES Americas Setback Recommendation
Road Right-of-Ways	1x tip height + 75 ft (~570 ft)	1.5x tip height (~750 ft)
Occupied Residences	1000 ft	1640 ft
Overhead Utilities	1x tip height + 40 ft (~535 ft)	No setback requirement for low voltage lines / 1.1x tip height for 138kV+ voltage lines
Project Boundaries	1000 ft	1.5x tip height (~750 ft)

8.1 Occupied Residences

Occupied residences require consideration of sound and "shadow flicker" created by the turbines. Shadow flicker is simply the situation in which the turbine shadow overlaps with a residence and the rotating blades cause quick alternation between light and shadow. Although RES Americas agrees that the county setback is sufficient to address sound concerns, RES Americas encourages the county to adopt a more stringent setback from occupied residences in order to avoid shadow flicker impacts. Regardless of whether this setback changes in the county regulations, RES Americas anticipates that all turbines will be sited at least 1640 ft from occupied residences.

8.2 Road Right-of-Ways

The primary setback concern for road right-of-ways for projects in eastern Kansas is "ice throw." This occurs if precipitation freezes onto turbine blades and then begins to melt while turbine blades are spinning. This can cause ice to be projected away from the turbine a significant distance. RES intends to design this project to a setback distance of 1.5x tip height (~750 ft) from Road Right-of-Ways.

8.3 Project Boundaries

Like Road Right-of-Ways, the primary setback concern for eliminating impacts to neighboring parcels is ice throw. As such, RES Americas believes that 1.5x of tip height (~750 ft) is a sufficient setback to avoid impact to neighboring parcels. RES Americas requests this exception for two reasons:

- 1) There are landowners who have leased their land to participate in the project and will not be able to host turbines if a 1000 ft setback is in place.
- 2) There are many (roughly 25% of currently sited locations) turbines locations that will have to be abandoned if this regulation is followed strictly. This will lead to either a smaller project size and reduced landowner payments/tax base for the county, or, a reduced level of project productivity that may threaten the projects prospects of competing for energy contracts in Kansas and lead to eventual abandonment.

8.4 Overhead Utilities

RES Americas does not generally make set off-set requirements from low-voltage distribution type overhead electrical lines. Although, disturbance of electrical service to those customers served by any one particular distribution line in the very unlikely scenario that a turbine failure causes damage to an overhead utility line would be regrettable, the very low chance of occurrence, lack of major additional safety complications, and relatively value of the overhead equipment in question, lead RES Americas to set back from overhead utilities as far as is necessary for safe movement of cranes and trucks near the turbine location.

As high-voltage (138kV and higher) overhead lines serve as the electrical arteries for population regions, represent significant investment, and failure of such lines have the possibility of triggering multi-state outages, RES Americas intends to set back from these assets a distance for which a turbine failure would not impact their operation.

Land Use Code	Land Use Description
1111	Single Family (Non-Mobile Home Park)
1112	Mobile Home Park
1121	Townhouse

RESOLUTION NO. 12-19

A RESOLUTION IN SUPPORT OF LYON COUNTY, KANSAS JOINING
FREEDOM'S FRONTIER NATIONAL HERITAGE AREA, INC.

WHEREAS, Freedom's Frontier National Heritage Area tells the stories of the settlement of the frontier, the border and Civil Wars on the western frontier, and the enduring struggle for freedom; and

WHEREAS, Congress established Freedom's Frontier National Heritage Area in 2006 to make the nationally-significant stories of this region better known to its citizens and the nation as a whole; and

WHEREAS, Freedom's Frontier National Heritage Area is one of 55 national heritage areas designed to create a unique public-private partnership to support the telling of nationally-significant stories; and

WHEREAS, Freedom's Frontier National Heritage Area covers 41 counties, 3,000,000 people, and nearly 30,000 square miles of land that share this story; and,

WHEREAS, more than 265 museums, historic sites, and economic development organizations exist within the Freedom's Frontier National Heritage Area; and

WHEREAS, Lyon County shares in these stories, but was not included in the original boundary of Freedom's Frontier National Heritage Area; and

WHEREAS, Lyon County and many of its historic sites, museums, and organizations would benefit through a partnership with Freedom's Frontier National Heritage Area; and:

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS
OF LYON COUNTY, KANSAS:

that the Board of Lyon County Commissioners hereby urges the U.S. Congress to reauthorize Freedom's Frontier National Heritage Area through HR 1049, provide it with robust funding for its partner programs, and include Lyon County in the boundary of the heritage area.

PRESENTED, ADOPTED, APPROVED and RECORDED this 11 day of July, 2019.
