(6) Whether any payments reported on payor's statement are from a split-stream sale and, if so, the manner in which the payor accounts to the royalty owner for such sale. As used in this paragraph, "split-stream sale" means a sale for which the payment from a payor to the royalty owner is for the sale of less than all of the oil and gas produced and sold from the lease or well for the sales period.

(b) Any request made by a royalty owner pursuant to this section shall be made in writing, specifying the information desired and the sales period or periods for which information is needed, and shall be made by certified mail. The payor shall respond to such a request by certified mail not later than the 60th day after the date the request is received. A payor shall not be required by virtue of this section to: (1) Provide any information pursuant to a request made on behalf of multiple royalty owners; (2) provide any information for sales periods prior to the 12-month period immediately preceding the first day of the month in which the request is received, except that, if adjustments to a royalty owner's payment have been made within such 12-month period for sales periods prior to such 12-month period, information concerning such adjustments shall be provided; and (3) seek information from other payors or third parties.

(c) If a payor does not have any of the information requested by a royalty owner pursuant to subsection (a), the payor shall provide to the royalty owner the name and address of the seller of the production for which the royalty owner is being paid by payor. A royalty owner thereafter may request from the seller the information not provided by the payor and the seller shall respond to the royalty owner in the same manner as provided for in this section. As used in this subsection, "seller" means the lessee of the oil and gas lease from which a royalty owner derives its royalty interest or the operator of the oil and gas production unit which produced the oil and gas for which payment is being made.
