

2021 Kansas Statutes

65-484. Same; eligibility for rural emergency hospital licensure; application; prohibition of inpatient beds. (a) A facility shall be eligible to apply for a rural emergency hospital license if such facility, as of December 27, 2020, was a:

- (1) Licensed critical access hospital;
- (2) general hospital with not more than 50 licensed beds located in a county in a rural area as defined in section 1886(d)(2)(D) of the federal social security act; or
- (3) general hospital with not more than 50 licensed beds that is deemed as being located in a rural area pursuant to section 1886(d)(8)(E) of the federal social security act.

(b) A facility applying for licensure as a rural emergency hospital shall include with the licensure application:

- (1) An action plan for initiating rural emergency hospital services, including a detailed transition plan that lists the specific services that the facility will retain, modify, add and discontinue;
- (2) a description of services that the facility intends to provide on an outpatient basis; and
- (3) such other information as required by rules and regulations adopted by the department of health and environment.

(c) A rural emergency hospital shall not have inpatient beds, except that such hospital may have a unit that is a distinct part of such hospital and that is licensed as a skilled nursing facility to provide post-hospital extended care services.

(d) A rural emergency hospital may own and operate an entity that provides ambulance services.

(e) A licensed general hospital or critical access hospital that applies for and receives licensure as a rural emergency hospital and elects to operate as a rural emergency hospital shall retain its original license as a general hospital or critical access hospital. Such original license shall remain inactive while the rural emergency hospital license is in effect.

History: L. 2021, ch. 88, § 4; May 6.
