## ***Legislative Division of Post Audit***

**THE LEGISLATIVE POST** Audit Committee and its audit agency, the Legislative Division of Post Audit, are the audit arm of Kansas government. The programs and activities of State government now cost about \$10 billion a year. As legislators and administrators try increasingly to allocate tax dollars effectively and make government work more efficiently, they need information to evaluate the work of governmental agencies. The audit work performed by Legislative Post Audit helps provide that information.

We conduct our audit work in accordance with applicable government auditing standards set forth by the U.S. Government Accountability Office. These standards pertain to the auditor's professional qualifications, the quality of the audit work, and the characteristics of professional and meaningful reports. The standards also have been endorsed by the American Institute of Certified Public Accountants and adopted by the Legislative Post Audit Committee.

The Legislative Post Audit Committee is a bipartisan committee comprising five senators and five representatives. Of the Senate members, three are appointed by the President of the Senate and two are appointed by the Senate Minority Leader. Of the Representatives, three are appointed by the Speaker of the House and two are appointed by the Minority Leader.

Audits are performed at the direction of the Legislative Post Audit Committee. Legislators

or committees should make their requests for performance audits through the Chairman or any other member of the Committee. Copies of all completed performance audits are available from the Division's office.

This report contains the findings and conclusions from our completed performance audit, *Kansas Department of Wildlife and Parks: Reviewing Issues Related to the Walk-In Hunting Access Program*.

The report includes several recommendations for the Department of Wildlife and Parks. We recommended Department officials strengthen their conflict-of-interest policies and procedures through a centralized and periodic review process, and by more clearly specifying the consequences for violating those policies and procedures. We also recommended that the Department take steps to ensure its contract database information is updated, and develop a process for more easily tracking individual contracts over time.

We would be happy to discuss the findings presented in this report with any legislative committees, individual legislators, or other State officials.

Barbara J. Hinton  
Legislative Post Auditor
