"Chairman Landwehr and Members of the Committee, thank you so much for giving me time to share my thoughts on HB 2749 with you today. My name is Ashly Nelson and I am a voter in Neosho County. I am writing today to encourage the committee to vote no on HB 2749"

By passing this bill, I believe that everything will be made harder for those who need abortions to continue living. There are many reasons abortions could be necessary. I have 3 female children and want them to be able to have the rights associated with all abortion rights as they stand now. We never know what is going to happen in the future and this bill may ruin their rights to have the choice and limit doctors from recommendations on the decision itself when they believe it be medically necessary to terminate a pregnancy! As a mother who has decided to choose life, I personally still had my fair share of procedures in the past that fall under the "abortion" criteria. My children should be able to have their rights the way they are right now and not have them changed.

Once again, I thank you all for hearing my story and thoughts on this bill, and I encourage you all to vote no of the passage of HB 2749. Thank you."
