(c) The secretary of revenue shall provide notice of the exemption period to retailers at least 60 days prior to the first day of the calendar month in which the exemption period established in this section commences.

(d) The following procedures are to be used in administering the exemption as provided in this section:

(1) A sale of eligible property under a layaway sale qualifies for exemption if:
   (A) Final payment on a layaway order is made by, and the property is given to, the purchaser during the exemption period; or
   (B) the purchaser selects the property and the retailer accepts the order for the item during the exemption period for immediate delivery upon full payment, even if delivery is made after the exemption period.

(2) There shall be no change during the period of exemption for the handling of a bundled sale as treated for sales tax purposes at times other than the exemption period.

(3) A discount by the seller reduces the sales price of the property, and the discounted sales price determines whether the sales price is within the price threshold provided in subsection (a). A coupon that reduces the sales price is treated as a discount if the seller is not reimbursed for the coupon amount by a third party. If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular item and the purchaser has purchased both eligible property and taxable property, the seller shall allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in that same transaction.

(4) Articles that are normally sold as a single unit must continue to be sold in that manner. Such articles cannot be priced separately and sold as individual items in order to obtain the exemption.

(5) Eligible property that customers purchase during the exemption period with use of a rain check will qualify for the exemption regardless of when the rain check was issued. Issuance of a rain check during the exemption period shall not qualify eligible property for the exemption if the property is actually purchased after the exemption period.

(6) The procedure for an exchange in regards to an exemption is as follows:
   (A) If a customer purchases an item of eligible property during the exemption period but later exchanges the item for a similar eligible item,
even if a different size, different color or other feature, no additional tax is
due even if the exchange is made after the exemption period;

(B) if a customer purchases an item of eligible property during the
exemption period, but after the exemption period has ended the customer
returns the item and receives credit on the purchase of a different item, the
appropriate sales tax is due on the sale of the new item; and

(C) if a customer purchases an item of eligible property before the
exemption period, but during the exemption period the customer returns
the item and receives credit on the purchase of a different item of eligible
property, no sales tax is due on the sale of the new item if the new item is
purchased during the exemption period.

(7) For the purpose of an exemption, eligible property qualifies for
the exemption if:

(A) The item is both delivered to and paid for by the customer during
the exemption period; or

(B) the customer orders and pays for the item and the seller accepts
the order during the exemption period for immediate shipment, even if
delivery is made after the exemption period. For purposes of this
 subparagraph, the seller accepts an order when the seller has taken action
to fill the order for immediate shipment. Actions to fill an order include
placement of an "in date" stamp on a mail order or assignment of an order
number to a telephone order. For purposes of this subparagraph, an order is
for immediate shipment when the customer does not request delayed
shipment. An order is for immediate shipment notwithstanding that the
shipment may be delayed because of a backlog of orders or because stock
is currently unavailable to, or on back order by, the seller.

(8) For a 60-day period immediately after the exemption period,
when a customer returns an item that would qualify for the exemption, no
credit for or refund of sales tax shall be given unless the customer provides
a receipt or invoice that shows tax was paid or the seller has sufficient
documentation to show that tax was paid on the specific item. The 60-day
period is set solely for the purpose of designating a time period during
which the customer must provide documentation that shows that sales tax
was paid on returned merchandise. The 60-day period is not intended to
change a seller's policy on the time period during which the seller will
accept returns.

(9) The time zone of the seller's location determines the authorized
time period for a sales tax holiday when the purchaser is located in one
time zone and a seller is located in another.

(e) The provisions of this section shall be a part of and supplemental
to the Kansas retailers' sales tax act.

32,111c. (a) There shall be allowed as a credit against the tax liability of a
resident individual imposed under the Kansas income tax act an amount
equal to 12.5% for tax year 2018; an amount equal to 18.75% for tax year

by the sum of any other credits allowable pursuant to law.

(c) No credit provided under this section shall be allowed to any
individual who fails to provide a valid social security number issued by the

follows: 79-32,117. (a) The Kansas adjusted gross income of an individual
means such individual's federal adjusted gross income for the taxable year,
with the modifications specified in this section.

(b) There shall be added to federal adjusted gross income:

(i) Interest income less any related expenses directly incurred in the
purchase of state or political subdivision obligations, to the extent that the
same is not included in federal adjusted gross income, on obligations of
any state or political subdivision thereof, but to the extent that interest
income on obligations of this state or a political subdivision thereof issued
prior to January 1, 1988, is specifically exempt from income tax under the
laws of this state authorizing the issuance of such obligations, it shall be
excluded from computation of Kansas adjusted gross income whether or
not included in federal adjusted gross income. Interest income on
obligations of this state or a political subdivision thereof issued after
December 31, 1987, shall be excluded from computation of Kansas
adjusted gross income whether or not included in federal adjusted gross

deduction of the taxes being refunded resulted in a tax benefit for Kansas
income tax purposes during a prior taxable year. Such refunds shall be
included in income in the year actually received regardless of the method
of accounting used by the taxpayer. For purposes hereof, a tax benefit shall
be deemed to have resulted if the amount of the tax had been deducted in
determining income subject to a Kansas income tax for a prior year
regardless of the rate of taxation applied in such prior year to the Kansas
taxable income, but only that portion of the refund shall be included as
bears the same proportion to the total refund received as the federal taxes
deducted in the year to which such refund is attributable bears to the total
federal income taxes paid for such year. For purposes of the foregoing
sentence, federal taxes shall be considered to have been deducted only to
the extent such deduction does not reduce Kansas taxable income below
zero.
