10 section and the rules and regulations adopted by the licensing body
11 pursuant to this section. If the licensing body has received all such forms,

1 provided by this section, so that the applicant may lawfully practice the
2 person's occupation. Any licensing body may satisfy any requirement
3 under this section to provide a paper-based license, registration,
4 certification or permit in addition to an electronic license, registration,
5 certification or permit by issuing such electronic credential to the applicant
6 in a format that permits the applicant to print a paper copy of such
7 electronic credential. Such paper copy shall be considered a valid license,
8 registration, certification or permit for all purposes.

9 (c) An applicant who holds a valid current license, registration or
10 certification in another state, district or territory of the United States shall
11 receive a paper-based and verified electronic license, registration or
12 certification:

13 (1) If the applicant qualifies under the applicable Kansas licensure,

19 servicemember or military spouse or within 45 days from the date a
20 complete application was submitted for all other applicants; or

21 (2) if the applicant does not qualify under the applicable licensure,
22 registration or certification by endorsement, reinstatement or reciprocity
23 statutes of the licensing body of this state, or if the Kansas professional

28 (A) Holds a valid current license, registration or certification in
29 another state, district or territory of the United States with licensure,
30 registration or certification requirements that the licensing body
31 determines authorize a similar scope of practice as those established by the
32 licensing body of this state, or holds a certification issued by another state
33 for practicing the occupation but this state requires an occupational
34 license, and the licensing body of this state determines that the
35 certification requirements certify a similar scope of practice as the
36 licensing requirements established by the licensing body of this state;

37 (B) has worked for at least one year in the occupation for which the
38 license, certification or registration is sought;

39 (C) has not committed an act in any jurisdiction that would have

43 licensure, registration or certification denied or refused to practice an

4 other credentialing entity in another jurisdiction and is not the subject of

7 entity in another jurisdiction nor has surrendered their membership on any
8 professional staff in any professional association or society or faculty for
9 another state or jurisdiction while under investigation or to avoid adverse
10 action for acts or conduct similar to acts or conduct that would constitute
11 grounds for disciplinary action in a Kansas practice act;

12 (E) does not have a disqualifying criminal record as determined by
13 the licensing body of this state under Kansas law;

14 (F) provides proof of solvency, financial standing, bonding or
15 insurance if required by the licensing body of this state, but only to the
16 same extent as required of any applicant with similar credentials or
17 experience;

18 (G) pays any fees required by the licensing body of this state; and

19 (H) submits with the application a signed affidavit stating that the
20 application information, including necessary prior employment history, is
21 true and accurate.

22 Upon receiving a complete application and the provisions of subsection
23 (c)(2) apply and have been met by the applicant, the licensing body shall
24 issue the license, registration or certification within 15 days from the date
25 a complete application was submitted by a military servicemember or
26 military spouse, or within 45 days from the date a complete application
27 was submitted by an applicant who is not a military servicemember or
28 military spouse, to the applicant on a probationary basis, but may revoke
29 the license, registration or certification at any time if the information
30 provided in the application is found to be false. The probationary period
31 shall not exceed six months. Upon completion of the probationary period,
32 the license, certification or registration shall become a non-probationary
33 license, certification or registration.

34 (d) Any applicant who has not been in the active practice of the
35 occupation during the two years preceding the application for which the
36 applicant seeks a license, registration or certification under subsection (c)
37 (2) may be required to complete such additional testing, training,
38 monitoring or continuing education as the Kansas licensing body may
39 deem necessary to establish the applicant's present ability to practice in a
40 manner that protects the health and safety of the public, as provided by
41 subsection (j).

42 (e) Upon submission of a complete application, an applicant may
43 receive an occupational license, registration or certification based on the

1 applicant's work experience in another state, if the applicant:

2 (1) Worked in a state that does not use an occupational license,
3 registration, certification or private certification to regulate an occupation,
4 but this state uses an occupational license, registration or certification to
5 regulate the occupation;

6 (2) worked for at least three years in the occupation during the four
7 years immediately preceding the application; and

8 (3) satisfies the requirements of subsection (c)(2)(C) through (H).

9 (f) Upon submission of a complete application, an applicant may
10 receive an occupational license, registration or certification under
11 subsection (b) based on the applicant's holding of a private certification
12 and work experience in another state, if the applicant:

13 (1) Holds a private certification and worked in a state that does not
14 use an occupational license or government certification to regulate an
15 occupation, but this state uses an occupational license or government
16 certification to regulate the occupation;

17 (2) worked for at least two years in the occupation;

18 (3) holds a current and valid private certification in the occupation;

19 (4) is held in good standing by the organization that issued the private
20 certification; and

21 (5) satisfies the requirements of subsection (c)(2)(C) through (H).

22 (g) An applicant licensed, registered or certified under this section
23 shall be entitled to the same rights and subject to the same obligations as
24 are provided by the licensing body for Kansas residents, except that
25 revocation or suspension of an applicant's license, registration or
26 certificate in the applicant's state of residence or any jurisdiction in which
27 the applicant held a license, registration or certificate shall automatically
28 cause the same revocation or suspension of such applicant's license,
29 registration or certificate in Kansas. No hearing shall be granted to an
30 applicant where such applicant's license, registration or certificate is
31 subject to such automatic revocation or suspension, except for the purpose
32 of establishing the fact of revocation or suspension of the applicant's
33 license, registration or certificate by the applicant's state of residence or
34 jurisdiction in which the applicant held a license, registration or certificate.

35 (h) In the event the licensing body determines that the license,
36 registration or certificate currently held by an applicant under subsection
37 (c)(2) or the work experience or private credential held by an applicant
38 under subsections (e) or (f), who is a military spouse or military
39 servicemember does not authorize a similar scope of practice as the
40 license, registration or certification issued by the licensing body of this
41 state, the licensing body shall issue a temporary permit for a limited period
42 of time to allow the applicant to lawfully practice the applicant's
43 occupation while completing any specific requirements that are required in

1 this state for licensure, registration or certification that were not required
2 in the state, district or territory of the United States in which the applicant
3 was licensed, registered, certified or otherwise credentialed, unless the
4 licensing body finds, based on specific grounds, that issuing a temporary
5 permit would jeopardize the health and safety of the public.

6 (i) In the event the licensing body determines that the license,
7 registration or certification currently held by an applicant under subsection
8 (c)(2) or the work experience or private credential held by an applicant
9 under subsections (e) or (f), who is not a military spouse or military
10 servicemember, does not authorize a similar scope of practice as the
11 license, registration or certification issued by the licensing body of this
12 state, the licensing body may issue a temporary permit for a limited period
13 of time to allow the applicant to lawfully practice the applicant's
14 occupation while completing any specific requirements that are required in
15 this state for licensure, registration or certification that was not required in
16 the state, district or territory of the United States in which the applicant
17 was licensed, registered, certified or otherwise credentialed, unless the
18 licensing body finds, based on specific grounds, that issuing a temporary
19 permit would jeopardize the health and safety of the public.

20 (j) Any testing, continuing education or training requirements
21 administered under subsection (d), (h) or (i) shall be limited to Kansas law
22 that regulates the occupation and that are materially different from or
23 additional to the law of another state, or shall be limited to any materially
24 different or additional body of knowledge or skill required for the
25 occupational license, registration or certification in Kansas.

26 (k) A licensing body may grant licensure, registration, certification or
27 a temporary permit to any person who meets the requirements under this
28 section but was separated from such military service under less than
29 honorable conditions or with a general discharge under honorable
30 conditions.

31 (l) Nothing in this section shall be construed to apply in conflict with
32 or in a manner inconsistent with federal law or a multistate compact, or a
33 rule or regulation or a reciprocal or other applicable statutory provision
34 that would allow an applicant to receive a license. Nothing in this section
35 shall be construed as prohibiting a licensing body from denying any
36 application for licensure, registration or certification, or declining to grant
37 a temporary or probationary license, if the licensing body determines that
38 granting the application may jeopardize the health and safety of the public.

39 (m) Nothing in this section shall be construed to be in conflict with
40 any applicable Kansas statute defining the scope of practice of an
41 occupation. The scope of practice as provided by Kansas law shall apply to
42 applicants under this section.

43 (n) Notwithstanding any other provision of law, during a state of

1 emergency declared by the legislature, a licensing body may grant a
2 temporary emergency license to practice any profession licensed, certified,
3 registered or regulated by the licensing body to an applicant whose
4 qualifications the licensing body determines to be sufficient to protect
5 health and safety of the public and may prohibit any unlicensed person
6 from practicing any profession licensed, certified, registered or regulated
7 by the licensing body.

8 (o) Not later than January 1, 2025, licensing bodies shall provide
9 paper-based and verified electronic credentials to persons regulated by the
10 licensing body. A licensing body may prescribe the format or requirements
11 of the electronic credential to be used by the licensing body. Any statutory
12 or regulatory requirement to display, post or produce a credential issued by
13 a licensing body may be satisfied by the proffer of an electronic credential
14 authorized by the licensing body. A licensing body may use a third-party
15 electronic credential system that is not maintained by the licensing body.

16 (p) On or before January 1, 2025, and subject to appropriations
17 therefore, the secretary of administration shall develop and implement a
18 uniform or singular license verification portal for the purpose of verifying
19 or reporting license statuses such as credentials issued, renewed, revoked
20 or suspended by licensing bodies or that have expired or otherwise
21 changed in status. The secretary of administration may utilize the services
22 or facilities of a third party for the central electronic record system. The
23 central electronic record system shall comply with the requirements
24 adopted by the information technology executive council pursuant to
25 K.S.A. 75-7203, and amendments thereto. Beginning January 1, 2025,
26 each licensing body shall be able to integrate with the uniform or singular
27 license verification portal in the manner and format required by the
28 secretary of administration indicating any issuance, renewal, revocation,
29 suspension, expiration or other change in status of an electronic credential
30 that has occurred. No charge for the establishment or maintenance of the
31 uniform or singular license verification portal shall be imposed on any
32 licensing body or any person with a license, registration, certification or
33 permit issued by a licensing body. The centralized electronic credential
34 data management systems shall include an instantaneous verification
35 system that is operated by the licensing body's respective secretary, or the
36 secretary's designee, or the secretary's third-party agent on behalf of the
37 licensing body for the purpose of instantly verifying the authenticity and
38 validity of electronic credentials issued by the licensing body. Centralized
39 electronic credential data management systems shall maintain an auditable
40 record of credentials issued by each licensing body.

41 (q) Nothing in this section shall be construed as prohibiting or
42 preventing a licensing body from developing, operating, maintaining or
43 using a separate electronic credential system of the licensing body or of a

1 third party in addition to making the reports to the central electronic record
2 system required by subsection (p) or participating in a multistate compact
3 or a reciprocal licensure, registration or certification process as long as the
4 separate electronic credential system of the licensing body integrates with
5 the uniform or singular license verification portal.

6 (r) Each licensing body shall adopt rules and regulations necessary to
7 implement and carry out the provisions of this section.

8 (s) This section shall not apply to the practice of law or the regulation
9 of attorneys pursuant to K.S.A. 7-103, and amendments thereto, or to the
10 certification of law enforcement officers pursuant to the Kansas law
11 enforcement training act, K.S.A. 74-5601 et seq., and amendments thereto.

12 (t) The state board of healing arts and the state board of technical
13 professions, with respect to an applicant who is seeking a license to
14 practice professional engineering or engage in the practice of engineering,
15 as defined in K.S.A. 74-7003, and amendments thereto, may deny an
16 application for licensure, registration or certification, or decline to grant a
17 temporary or probationary license, if the board determines the applicant's
18 qualifications are not substantially equivalent to those established by the
19 board. Such boards shall not otherwise be exempt from the provisions of
20 this act.

21 (u) This section shall apply to all licensing bodies not excluded under
