**Disposition of School District Real Property; Legislature’s Right to Refuse**

The bill amends and creates law pertaining to USD real property to grant the Legislature the right of first refusal. The bill also creates a notification process of a school district board of education’s intentions to dispose of a school building.

**Notice of Disposition**

First, a school district board of education is required to submit written notice of its intention to dispose of a building to the Legislature, by filing a notice with the Chief Clerk of the House and the Secretary of the Senate. The bill requires the notice to include:

- A description of the school district’s use of the building immediately prior to the decision to dispose;
- The reasons for the building’s disuse and the decision to dispose of the building;
● The legal description of the real property to be disposed of; and
● A copy of the resolution adopted by the board of education.

The bill provides for the Legislature’s review, with timing depending on whether the Legislature is in session:

● If the notice is received during the regular session, the Legislature has 45 days to adopt a concurrent resolution stating the Legislature’s intention for the State to acquire such building; or

● If the notice is received when the Legislature is not in session, the Legislature has 45 days from the commencement of its next regular session to adopt the concurrent resolution regarding the Legislature’s intentions.

The bill prescribes the information to be stated in the concurrent resolution, including provisions naming the state agency that intends to acquire the building and the intended use of the building.

The bill further provides that, if the Legislature does not adopt a concurrent resolution within the 45-day period, the school district is allowed to proceed with the disposition of the school district building in accordance with state law.

If the Legislature adopts a concurrent resolution within the 45-day period, the state agency named in the resolution has 180 days to complete the acquisition of the school district building and take title to the real property. Upon the request of the acquiring state agency, the Legislative Coordinating Council is permitted to extend the 180-day period for a period of no more than 60 days. During the 180-day period and any authorized extension, a board of education is prohibited from selling, gifting, leasing, or otherwise dispensing of the building or any real property described in the required written notice. If the state agency does not take title within the 180-day period or its extension, the school district is permitted to proceed with disposition of the building.

Nonpublic School Students Participation in KSHSAA Activities

The bill allows any nonpublic school student to participate in any activities offered by a school district that are regulated, supervised, promoted, and developed by KSHSAA, as long as the student:

● Is a resident of the school district;
● Is enrolled and attending a nonpublic elementary or secondary school;
● Complies with the requirements of KSA 72-6262 and amendments thereto (health-related requirements); and
● Pays any fees required by the school district for participation in such activity.
The school district board of education could require a nonpublic school student who participates in an activity to enroll or complete a particular course as a condition of participation, if such requirement is imposed upon all other students who participate in such activity. Under the bill, KSHSAA could not prohibit any such student from participating in any activity available to such student as part of the student’s primary enrollment and attendance at a nonpublic school.

**Special Education and Related Services Funding Task Force**

**Task Force Study Topics**

The Task Force is required to study and make recommendations for changes in the existing formula for the funding of special education and related services. In doing so, the Task Force is required to conduct hearings in order to receive and consider suggestions from subject matter experts and the public at large.

The Task Force is required to submit reports to the Legislature regarding the work and recommendations of the Task Force on or before January 14 of each year.

• One member who is a parent of a student who receives special education services. The appointment is for one year, and responsibility for the appointment alternates between the Speaker and the President.

The bill requires the members of the Task Force to be appointed on or before July 1, 2023. Vacancies on the Task Force are filled by appointment in the manner provided for the original appointment.

Meetings

The Task Force is authorized to meet in an open meeting at any time and at any place in the state upon the call of the chairperson. A majority of the voting members constitutes a quorum. Any action by the Task Force requires a motion adopted by a majority of voting members present when there is a quorum.

Support Services

The bill requires the staff of the Office of Revisor of Statutes, Kansas Legislative Research Department, and Division of Legislative Administrative Services to provide assistance as requested by the Task Force.

Data and Information Provided

**Nonresident Enrollment**

The bill permits nonresident direct enrollment, beginning in school year 2024-2025, for students of school district employees and students experiencing homelessness. The bill also requires school districts to consider the adverse impact of homelessness on attendance when determining the school district’s capacity to accept nonresident students. The bill also gives a priority to students who are children of a military parent, subject to capacity, to enroll and not be subject to the open seat lottery.

**Low-income Students Scholarship Program**

The bill updates the definition and criteria for a “qualified school” by modifying an accreditation requirement to include a nonpublic school that is working in good faith toward accreditation.

The bill changes the income eligibility for the scholarship from 185 percent of the federal poverty level to 250 percent of the federal poverty level. The bill also increases the tax credit for contributions to scholarship granting organizations from 70 percent to 75 percent of the amount contributed.

**KSEEA—Amendments**

The bill makes amendments to the Kansas School Equity and Enhancement Act concerning the calculation of State Foundation Aid for specific weightings related to school district building closures.

The bill modifies the low enrollment and high enrollment weightings for any school district that attaches territory of a disorganized school district or accepts students in the current year who attended in the previous year a school building in a school district that has since been closed by the district. The bill allows recipient districts to use the preceding year’s low enrollment factor for the next three years, or use the current low enrollment calculation if it is greater.

**Continuing the 20 Mill Statewide Levy for Schools**

The bill extends the *ad valorem* tax levy on taxable tangible property of the school district to include the 2023-2024 and 2024-2025 school years and continues the 20 mill statewide property tax for schools for the school years 2023-2024 and 2024-2025 to finance the portion of the school district’s general fund budget not otherwise funded by law.

**School District Cost-of Living Weighting**

The bill amends the formula by which the State Board of Education determines whether a school district may levy a tax to finance costs incurred by the State that are directly attributable to assignment of the cost-of-living weighting to the district’s enrollment, to multiply the statewide average appraised value of single family residences by 115 percent rather than 125 percent. The bill also provides for an increase in the cost-of-living weighting cap from 5
percent to 7 percent in the 2023-2024 school year. The bill provides for ensuing yearly increases in the cap using the preceding three-year average of the Consumer Price Index for the urban region as an inflation increase. [Note: This weighting is funded by a local mill levy with no impact on the SGF.]

School District High Density At-Risk Weighting Sunset Extension

The bill extends the high density at-risk weighting sunset from July 1, 2024, to July 1, 2027.

School District Capital Improvements

The bill also removes language included in 2022 Senate Sub. for HB 2567 that required a transfer of revenue from the SGF to the School District Capital Improvements Fund. Starting in FY 2024, the bill reverts the transfer to a demand transfer in accordance with KSA 72-5462.
