AN ACT concerning insurance for qualified professional associations; amending K.S.A. 40-2222a and 40-2222b and K.S.A. 2013 Supp. 40-2222 and repealing the existing sections health care predetermination requests relating to health insurance benefits coverage.

WHEREAS, The legislature hereby finds and declares that:

(1) Health plans have the ability today to provide a real-time explanation of benefits (EOB), enabling patients and their physicians to learn how a claim for services will be adjudicated at the point of care, including information on if the service is covered, the amount to be paid to the physician and the patient's financial responsibility for copayments, coinsurance and any remaining deductible obligation;

(2) real-time EOBs have the potential to significantly reduce health care costs by making the true cost of health care services transparent to patients and their physicians at the time treatment decisions are being made and by reducing the costs of collections which accrue when paper EOBs are not received until weeks or months after the services are provided; and

(3) real-time EOBs also have the potential to eliminate the financial uncertainty that currently plagues the health care system and would remove another layer of complexity and anxiety for patients at a time when they should be focused on their health. This is particularly important for patients for whom this financial exposure may be large, such as for the increasing number of patients with high-deductible health plans, or for those patients who purchase coverage on a health insurance exchange, for whom relatively modest changes to patient income can affect eligibility and enrollment status as they transition between medicaid, subsidized and unsubsidized qualified health plans; and

WHEREAS, The people of the state of Kansas would all benefit if health plans were required to provide real-time EOBs on request when a physician submits an electronic claim predetermination request:

Now, therefore,
Be it enacted by the Legislature of the State of Kansas:
