Sec. 46. K.S.A. 72-8809 is hereby amended to read as follows: 72-8809. The board of education of any school district which has made a tax levy under K.S.A. 72-8801, and amendments thereto, may at any time after the final levy is certified to the county clerk under any current authorization, initiate procedures to renew its authority to make a like annual tax levy in the amount and upon the conditions and in the manner specified in said K.S.A. 72-8801, and at five-year intervals thereafter may in like manner and on like conditions renew such levy for successive five-year periods and amendments thereto. Except as otherwise provided by its terms, any initial resolution adopted pursuant to K.S.A. 72-8801, and amendments thereto, shall remain in full force and effect until such time as a second resolution becomes effective, at which time the initial resolution shall become null and void.

Sec. 47. K.S.A. 2013 Supp. 72-8814 is hereby amended to read as follows: 72-8814. (a) There is hereby established in the state treasury the school district capital outlay state aid fund. Such fund shall consist of all amounts transferred thereto under the provisions of subsection (c).

(b) In each school year, each school district which levies a tax pursuant to K.S.A. 72-8801 et seq., and amendments thereto, shall be entitled to receive payment from the school district capital outlay state aid fund in an amount determined by the state board of education as provided in this subsection. The state board of education shall:

(1) Determine the amount of the assessed valuation per pupil (AVPP) of each school district in the state and round such amount to the nearest $1,000. The rounded amount is the AVPP of a school district for the purposes of this section;

(2) determine the median AVPP of all school districts;

(3) prepare a schedule of dollar amounts using the amount of the median AVPP of all school districts as the point of beginning. The schedule of dollar amounts shall range upward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the highest AVPP of all school districts and shall range downward in equal $1,000 intervals from the point of beginning to and including an amount that is equal to the amount of the AVPP of the school district with the lowest AVPP of all
school districts;

(4) determine a state aid percentage factor for each school district by assigning a state aid computation percentage to the amount of the median AVPP shown on the schedule, decreasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval above the amount of the median AVPP, and increasing the state aid computation percentage assigned to the amount of the median AVPP by one percentage point for each $1,000 interval below the amount of the median AVPP. Except as provided by K.S.A. 2013 Supp. 72-8814b, and amendments thereto, the state aid percentage factor of a school district is the percentage assigned to the schedule amount that is equal to the amount of the AVPP of the school district, except that the state aid percentage factor of a school district shall not exceed 100%. The state aid computation percentage is 25%;

(5) determine the amount levied by each school district pursuant to K.S.A. 72-8801 et seq., and amendments thereto;

(6) multiply the amount computed under (5), but not to exceed 8 mills, by the applicable state aid percentage factor. The product is the amount of payment the school district is entitled to receive from the school district capital outlay state aid fund in the school year.

c) The state board shall certify to the director of accounts and reports the entitlements of school districts determined under the provisions of subsection (b), and an amount equal thereto shall be transferred by the director from the state general fund to the school district capital outlay state aid fund for distribution to school districts, except that no transfers shall be made from the state general fund to the school district capital outlay state aid fund during the fiscal years ending June 30, 2013, June 30, 2014, June 30, 2015, or June 30, 2016. All transfers made in accordance with the provisions of this subsection shall be considered to be demand transfers from the state general fund.

d) Payments from the school district capital outlay state aid fund shall be distributed to school districts at times determined by the state board of education. The state board of education shall certify to the director of accounts and reports the amount due each school district entitled to payment from the fund, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the school district. Upon receipt of the warrant, the treasurer of the school district shall credit the amount thereof to the capital outlay fund of the school district to be used for the purposes of such fund.

e) Amounts transferred to the capital outlay fund of a school district as authorized by K.S.A. 72-6433, and amendments thereto, shall not be included in the computation when determining the amount of state aid to which a district is entitled to receive under this section.
