AN ACT concerning wildlife; enacting the state sovereignty over non-migratory wildlife act.

Be it enacted by the Legislature of the State of Kansas:

Section 1. Sections 1 through 7, and amendments thereto, may be cited as the state sovereignty over non-migratory wildlife act.

Sec. 2. The legislature declares that the authority for the state sovereignty over non-migratory wildlife act is the following:

(a) The tenth amendment to the constitution of the United States guarantees to the states and their people all powers not granted to the federal government elsewhere in the constitution and reserves to the state and people of Kansas certain powers as they were understood at the time that Kansas was admitted to statehood in 1861. The guaranty of those powers is a matter of contract between the state and people of Kansas and the United States as of the time that the compact with the United States was agreed upon and adopted by Kansas in 1859 and the United States in 1861.

(b) Article II, section 1 of the constitution of the state of Kansas authorizes the legislature of the state of Kansas to exercise the legislative power of the state, including the general police powers inherent in a sovereign state.

Sec. 3. As used in the state sovereignty over non-migratory wildlife act:

(c) The existence and management of the lesser prairie chicken and
the greater prairie chicken do not have a substantial effect on commerce
among the states.

d) The Kansas department of wildlife, parks and tourism, and its
predecessor agencies, have successfully managed lesser prairie chickens
and greater prairie chickens in the state and have provided for the adequate
preservation of the habitats of such species.

Sec. 5. (a) The state of Kansas, acting through the Kansas legislature
and through the Kansas department of wildlife, parks and tourism,
possesses the sole regulatory authority to govern the management,
habitats, hunting and possession of lesser prairie chickens and greater
prairie chickens that exist within the state of Kansas.

(b) The lesser prairie chickens and the greater prairie chickens that
exist within the state and the habitats of such species, are not subject to
any federal law, treaty, federal regulation or federal executive action under
the authority of congress to regulate interstate commerce.

specifically regulates the following is null, void and unenforceable within
the state:

(c) Any criminal prosecution for a violation of this section shall be commenced by service of complaint and summons upon such official, agent or employee. Such official, agent or employee shall not be arrested or otherwise detained prior to, or during the pendency of, any trial for a violation of this section.

(d) A county or district attorney, or the attorney general, may seek injunctive relief in any court of competent jurisdiction to enjoin any official, agent or employee of the government of the United States or employee of a corporation providing services to the government of the United States from enforcing any federal law, treaty, regulation or executive action that specifically regulates the following within the state:
