

January 18, 2018
House Federal & State Affairs
HB2411 (2017) & HB (2018)-Proponent

My name is Jared Rudy. I am one of the owners of Norsemen Brewing Company located at 830 N. Kansas Ave., Topeka, KS 66608, where we brew and serve craft beer. I feel that the proposed amendment to make legal the activity of contract brewing by microbreweries in the state of Kansas would benefit the industry in the state by allowing the participants in the industry a new option to bring their products to consumers. I believe the proposal is positive, and ask for support to pass the Bill.
