The bill would require the Director of Legislative Administrative Services (LAS) to provide a form to legislators to report such gifts provided to legislative assistants or committee assistants and would require legislators to complete and submit such completed form back to LAS.

The bill would be in effect upon publication in the *Kansas Register*.

He noted the bill includes a previous Commission recommendation, but because that recommendation was not enacted in the 2020 Session, the Commission did not include it in its current recommendations. He testified the bill would not raise concerns of corruption or improper favor, and the Commission has not taken action against legislative or committee assistants who have accepted such gifts in the past.

No proponent or opponent testimony was provided to the Committee.

The House Committee amended the bill to increase the total value of the gifts that may be received from \$120 per fiscal year to \$150 per fiscal year.

House Committee of the Whole

The bill appeared on General Orders on February 3, 2021. Following debate and discussion, the bill was withdrawn from the Calendar and rereferred to the House Committee on Elections.

A representative of the Department of Administration (Office of Accounts and Reports) provided written-only neutral testimony.

No other testimony was provided.

The House Committee modified its previous amendment to increase the total value of gifts that may be received from \$150 to \$500.
